sport is enjoyed by millions of people across the world and both watching and playing sport constitutes a major part of modern leisure time but sport is also a huge worldwide industry in globalizing sport george sage invites readers to explore a deeper understanding of the global dynamics of sport not only competitions but of the big businesses of money media coverage athletic apparel and more he shows how phenomena such as migration labour commerce and politics affect the athletes and the fans continually reshaping the business and experience of sport globalizing sport puts sport in its political economic and social context revealing its connections with businesses countries media outlets and education systems

in this 2012 edition of advances in knowledge based and intelligent information and engineering systems the latest innovations and advances in intelligent systems and related areas are presented by leading experts from all over the world the 228 papers that are included cover a wide range of topics one emphasis is on information processing which has become a pervasive phenomenon in our civilization while the majority of information processing is becoming intelligent in a very broad sense major research in semantics artificial intelligence and knowledge engineering supports the domain specific applications that are becoming more and more present in our everyday living ontologies play a major role in the development of knowledge engineering in various domains from semantic down to the design of specific decision support systems research on ontologies and their applications is a highly active front of current computational intelligence science that is addressed here other subjects in this volume are modern machine learning lattice computing and mathematical morphology the wide scope and high quality of these contributions clearly show that knowledge engineering is a continuous living and evolving set of technologies aimed at improving the design and understanding of systems and their relations with humans

how do we know if we can beat the bookmaker that s easy just look at our bank balance but how do we know if we ve not just been lucky more specifically how do we know that someone who says he can do it and who is selling his expertise can keep doing it again and again through talent skill and hard work this book examines the techniques available to answer that question to identify those qualities and to help the punter find value for money in an industry that appears to be largely built on trust and the influence of chance to uncover the truth about sports tipsters and ultimately how to find the best tipsters the black cats

the policing of illegal betting and bookmaking was a major issue in relations between police and working class people until 1960 when betting shops were legalized in england and wales this ended an attempt to discriminate legally against cash betting away from the racecourses which had reached its height with the street betting act of 1906 this book a contribution to the sociology and the social history of law making is the first major study to trace the rise and fall of the attempt at prohibition along with detailed consideration of problems encountered by the police in enforcing anti gambling laws and the role of the police and the home office in the gradual acceptance of the need for legal reform this study will be of special interest to criminologists sociologists students and scholars of socio legal studies and social and legal historians

there is no royal road to science and only those who do not dread the fatiguing climb of its steep paths have a chance of gaining its luminous summits karl marx a universal genius of the 19th century many scientists from all over the world during the past two years since the mldm 2007 have come along on the stony way to the sunny summit of science and have worked hard on new ideas and applications in the area of data mining in pattern recognition our thanks go to all those who took part in this year s mldm we appreciate their submissions and the ideas shared with the program committee we received over 205

submissions from all over the world to the international conference on machine learning and data mining mldm 2009 the program committee carefully selected the best papers for this year's program and gave detailed comments on each submitted paper there were 63 papers selected for oral presentation and 17 papers for poster presentation the topics range from theoretical topics for classification clustering association rule and pattern mining to specific data mining methods for the different multimedia data types such as image mining text mining video mining and mining among these topics this year were special contributions to subtopics such as attribute discretization and data preparation novelty and outlier detection and distances and similarities

a leading psychologist explores the phenomenon of athletes across the sports world who engage in high risk behavior that often destroys lives bodies and reputations from sex and drugs to violence gambling and wholesale conspiracies scandals are everywhere in sports each of these problems is its own issue and every case is separate but taken as a whole this criminal pathology is indicative of a widespread problem with athletes and responsibility in this wide ranging and deep seeking investigation psychologist stanley h teitelbaum asks why elite athletes take enormous risks with their lives and careers teitelbaum analyzes and diagnoses this culturally resonant set of problems with an honest critical eye looking at everything from baseball's steroid abusers to gambling scandals in the nba to the steady stream of athletes arrested for domestic violence to the murder trials of o j simpson and wrestler chris benoit a concluding chapter holds sports commissioners and others to task for hiding behind a façade of ignorance and duplicitous naïveté in attempting to cover up or defuse brewing scandals

a weekly review of politics literature theology and art

three quarters of the british population gamble mainly on the national lottery and they generate around 46 billion pounds a year this volume sets recent developments in the regulation and deregulation of its three primary forms betting gaming and lotteries against an account of their social and legal history many of the concerns that excite controversy today are little different from those with which the home office grappled for most of the nineteenth and twentieth centuries based upon home office files and contemporary accounts this book begins by evaluating how the law was used to control and suppress popular gambling miers shows how and why prohibition gave way to the recognition that regulation offered a more effective method of controlling a social pastime that by the mid twentieth century had become a feature of everyday life concerns over gambling have recently resurfaced as a result of government proposals to replace the existing strict controls with a regulatory regime that will give greater scope for licensees to adopt more competitive practices like the introduction of the national lottery in 1994 these proposals represent a marked departure from the traditional response to permit but not to stimulate commercial gambling the potential for expansion in opportunities to gamble raises concerns about the accessibility of gambling to children and the possibility of increased numbers of problem gamblers miers examines the implementation and impact of the present law governing gaming and the national lottery in terms of regulation and the enforcement of regulatory regimes he focusses on

how these regimes regulate the probity of the supplier the supply of gambling opportunities the nature of the transaction and the player s participation the book concludes with an evaluation of the gambling bill a draft of which was published in 2003 aiming to give effect to the government s proposals

explores the ways in which the victorians gave meaning to the word vice and the role of vice in victorian society

the most successful and useful new almanac of the decade is back with reams of new material to help readers make the most out of their lives in the coming year this year s practical guide includes advice from more than 500 experts including o j simpson s jury consultant on the ins and outs of jury duty cal ripken jr on how to go from little league to the majors master chef jacques pepin on his favorite low fat gourmet desserts and c everett koop on how to choose a doctor graphs tables charts illustrations
