international business law and the legal environment provides business students with a strong understanding of the legal principles that govern doing business internationally not merely about compliance this book emphasizes how to use the law to create value and competitive advantage dimatteo s transactional approach walks students through key business transactions from import and export contracts and finance to countertrade dispute resolution licensing and more giving them both context and demonstrating real world application this new edition also includes new material on comparative contract and sales law european private law joint ventures and collaborative alliances a new part on foreign direct investment that includes a chapter on emerging markets new chapters on privacy law and on environmental concerns greater coverage of the world trade organization case highlights and court opinions that feature edited court transcripts which expose students to actual legal reasoning and an understanding of the underlying legal principles these decisions are drawn from a broad range of countries offering a truly international look at the subject students of business law and international business courses will find dimatteo s clear writing style easy to follow a companion web site includes an instructor s manual powerpoints and other tools to provide additional support for students and instructors

this comprehensive research handbook offers an innovative analysis of environmental law in the global south and contributes to an important reassessment of some of its major underlying concepts the research handbook discusses areas rarely prioritized in environmental law such as land rights and underlines how these intersect with issues including poverty livelihoods and the use of natural resources challenging familiar narratives around development and sustainability in this context and providing new insights into environmental justice

it is not uncommon that a group of scientists from many different disciplines join a working group discuss a topic of interest

and edit a volume of articles related to this topic they may even agree on a jointly written introduction or conclusion the study group environmental standards established in 1987 as an expert panel of the german academy of sciences and technology in berlin broke with that common tradition and became involved in a fascinating but also pain staking experiment to compose a document on setting environmental standards that has been literally written and authorized by all group members the group consisted of eleven individuals representing the following disciplines physics chemistry biology engineering law psychology and sociology economics the study group had two major goals first to provide a document that summarizes the state of the art in each discipline with respect to the topic of environmental standards since it is impossible to cover all environmental hazards in one book the panel members agreed to limit the discussion of the scientific material to one major case study the effects of ionizing radiation this topic was selected because the scientific data base is well developed in this area and levels of anthropogenic release can be compared with natural background levels these two conditions are rarely met by most chemical hazards

emphasizes the relevance of legal environment topics to business functions e g marketing finance human resources accounting manufacturing excerpted cases include substantial portions of original language of the court and competing arguments the text presents a strong emphasis on ethics international law environmental law and women s legal concerns

this up to the minute casebook contains edited cases decided upon as recently as june 29 1992 this book updates changes in the law and provides readers with the opportunity to explore edited cases in an expanded format cases were selected for timeliness impact coherence and diversity while most cases were handed down by the united states supreme court all levels of judicial review including state and federal appellate courts are represented

this fully updated second edition of corporate accountability in international environmental law examines systematically all international sources of corporate accountability standards with specific reference to environmental protection and elaborates on their theoretical and practical implications for international environmental law the book argues that although international environmental law does not bind multinational corporations and other business entities growing practice

points to the emergence and consolidation of international legal standards these standards allow adapting and translating inter state obligations embodied in international environmental law into specific normative benchmarks to determine the legitimacy of the conduct of the private sector against internationally recognized values and rules the role of international organizations who in the absence of state intervention identify and promote the application of selected international environmental standards is analyzed in depth this analysis demonstrates how these international organizations are a driving force in establishing and operationalizing international standards for corporate environmental accountability the new edition includes a recent assessment of the rio 20 summit analysis of the un framework on business and human rights and the 2012 performance standards it contains a discussion on the role of fair and equitable benefit sharing under the convention on biological diversity and international human rights law and analysis of the monitoring practice of the un special rapporteur on indigenous peoples rights this is an open access title available under the terms of a cc by nc nd 4 0 international licence it is offered as a free pdf download from oup and selected open access locations

examines the reasons for the emergence of ethical codes and the phenomenon of self regulation within the context of globalization and looks at the role of national governments international government institutions and other international organisations in shaping and enforcing them discusses the implications of these developments for corporate governance and the changing roles of national and international institutions in the regulation of international commerce

understanding us and european environmental law

the present publication contains the environmental performance review of mongolia the report takes stock of progress made by the country in the management of its environment since 1987 it covers legal and policy frameworks compliance assurance greening the economy environmental monitoring public participation and education for sustainable development furthermore the epr addresses issues of specific importance to the country related to air protection biodiversity conservation as well as water waste and land management it also examines the efforts of mongolia to integrate environmental considerations in its policies in the forestry and health sectors and highlights the progress achieved in the

management of disaster risk associated with natural and man made hazards the review further provides a substantive and policy analysis of the country s participation in international cooperation on the environment with a specific focus on the three rio conventions publisher s description
