the first comprehensive cultural history of brazil to be written in english brazil imagined 1500 to the present captures the role of the artistic imaginary in shaping brazil s national identity analyzing representations of brazil throughout the world this ambitious survey demonstrates the ways in which life in one of the world s largest nations has been conceived and revised in visual arts literature film and a variety of other media beginning with the first explorations of brazil by the portuguese darlene j sadlier incorporates extensive source material including paintings historiographies letters poetry novels architecture and mass media to trace the nation s shifting sense of its own history topics include the oscillating themes of edenic and cannibal encounters dutch representations of brazil regal constructs the literary imaginary modernist utopias good neighbor protocols and filmmakers revolutionary and dystopian images of brazil a magnificent panoramic study of race imperialism natural resources and other themes in the brazilian experience this landmark work is a boon to the field

focusing in particular on the traditions of some of the late greeks and the romans renaissance humanism and the thought of giambattista vico this book s concern is to revive the ancient delphic injunction know thyself an idea of civil wisdom that verene finds has been missing since descartes the author recovers the meaning of the vital relations that poetry myth and rhetoric had with philosophy in thinkers like cicero quintilian isocrates pico lives and vico

from court to forest is a critical and historical study of the beginnings of the modern literary fairy tale from court to forest is a critical and historical study of the beginnings of the modern literary fairy tale giambattista basile s lo cunto de ii cunti written in neapolitan dialect and published in 1634 36 comprises fifty fairy tales and was the first integral collection of literary fairy tales to appear in western europe it contains some of the best known fairy tales types such as sleeping beauty puss in boots cinderella and others many in their earliest versions although it became a central

reference point for subsequent fairy tale writers such as Perrault and the Grimms as well as a treasure chest for folklorists. Lo cunto de ii cunti has had relatively little attention devoted to it by literary scholars. Lo cunto constituted a culmination of the erudite interest in popular culture and folk traditions that permeated the Renaissance but even if Basile drew from the oral tradition he did not merely transcribe the popular materials he heard and gathered around Naples and in his travels he transformed them into original tales distinguished by vertiginous rhetorical play, abundant representations of the rituals of everyday life and the popular culture of the time and a subtext of playful critique of courtly culture and the canonical literary tradition. This work fills a gap in fairy tale and Italian literary studies through its rediscovery of one of the most important authors of the Italian Baroque and the genre of the literary fairy tale.

First multi-year cumulation covers six years 1965-70

A follow-up publication to the handbook of medieval studies, this new reference work turns to a different focus: medieval culture. Medieval research has grown tremendously in depth and breadth over the last decades; particularly our understanding of medieval culture of the basic living conditions and the specific value system prevalent at that time has considerably expanded to a point where we are in danger of no longer seeing the proverbial forest for the trees. The present innovative handbook offers compact articles on essential topics, ideals, specific knowledge, and concepts defining the medieval world as comprehensively as possible. The topics covered in this new handbook pertain to issues such as love and marriage, belief in God, Hell and the Devil, education, lordship and servitude, Christianity versus Judaism and Islam, health, medicine, the rural world, the rise of the urban class, travel, roads and bridges, entertainment, games and sport activities, numbers, measuring the education system, the papacy, saints, the senses, death, and money.

Quill and Cross in the Borderlands examines nearly four hundred years of history, folklore, literature, and art surrounding the legendary Lady in Blue and her historical counterpart, Sor María de Jesús de Ógreda. This legendary figure identified

as seventeenth century spanish nun and writer sor mar□a de jes□s de □greda miraculously appeared to tribes in colonial era new mexico and taught them the rudiments of the catholic faith sor mar□a an author of mystical marian texts became renowned not only for her alleged spiritual travel from her cloister in spain to new mexico but also for her writing studied and implemented by franciscans and others around the world working from original historical accounts archival research and a wealth of literature on the legend and the historical figure alike anna m nogar meticulously examines how and why the person and the legend became intertwined in catholic consciousness and social praxis nogar addresses the influence of sor mar□a s spiritual texts on many spheres of new spanish and spanish society over several centuries eventually the historical sor mar□a and her writings virtually disappeared from view and the lady in blue became a prominent folk figure in the present day u s southwest and u s mexico borderlands appearing in folk stories artwork literature theater and public ritual that survives today quill and cross in the borderlands documents the material legacy of a legend that has survived and thrived for hundreds of years and at the same time rediscovers the extraordinary impact of a hidden writer
