this comprehensive and systematic review of modern english presents a description of both the linguistic structure of present day english and its geographical social gender and ethnic variations

volume 1 of a two volume work this classic reference contains most of the more common words used in everyday english conversation plus slang archaic words and phrases coined words and foreign words common in english roots are identified cross references to words with similar roots are listed and colloquial usages and alternate spellings are given notable for its readable historical discussions apt citations and jargonless clarity saturday review

the future of english linguistics as envisaged by the editors of topics in english linguistics lies in empirical studies which integrate work in english linguistics into general and theoretical linguistics on the one hand and comparative linguistics on the other the tiel series features volumes that present interesting new data and analyses and above all fresh approaches that contribute to the overall aim of the series which is to further outstanding research in english linguistics

this book analyses speech related genres in early modern english providing ideas of what spoken interaction in earlier times might have been like

terttu nevalainen helps students to place the language of the period 1500 1700 in its historical context whilst showing its regional and social variations he focuses on the structure of the general dialect and its spelling vocabulary grammar and pronunciation as well as its dialectal origins

this collection of essays by some of the leading scholars in the field sheds new light on the verb in english the central concern of the volume is to illustrate that verbs can only be adequately and properly understood if studied from both a theoretical and descriptive

perspective in part one theoretical topics are explored terminological problems of classifying verbs and verb related elements the determining properties of verbs verb complementation the semantics and pragmatics of verbs and verbal combinations and the notions of tense aspect voice and modality in part two computer corpora are used to study various types of verb complements and collocations to trace the development in english of certain verb forms and to detail the usage of verbs in different varieties and genres of english

in this provocative interpretation of the history of english the contributors emphasise the diversity of english throughout its history and the changing social meanings of different varieties of english

kevin de ornellas argues that in renaissance england the relationship between horse and rider works as an unambiguous symbol of domination by the strong over the weak there was little sentimental concern for animal welfare leading to the routine abuse of the material animal this unproblematic practical exploitation of the horse led to the currency of the horse rider relationship as a trope or symbol of exploitation in the literature of the period engaging with fiction plays poems and non fictional prose works of late tudor and early stuart england de ornellas demonstrates that the horse a bridled unwilling slave becomes a yardstick against which the oppression of england s poor women increasingly uninfluential clergyman and deluded gamblers is measured the status of the bitted harnessed horse was a low one in early modern england to be compared to such a beast is a demonstration of inferiority and subjugation to think anything else is to be naïve about the realities of horse management in the period and is to be naïve about the realities of the exploitation of horses and other mammals in the present day world

distinguished by a remarkable combination of erudition and lucidity aspects of old english poetic syntax provides new insight into the rules that govern syntactic relationships and indicates how these rules differ for prose and verse blockley considers the functions of four of the most common and most syntactically important words in old english as well as such features of clauses as verb initial order negative contraction and unexpressed but understood subjects picking up where bruce mitchell s classic old english syntax left off blockley shows how such common words and structures mark the relationships between phrases and clauses
