just as jesus christ promised a book that simplifies and clarifies the end times prophecies is finally here a house divided chronicles in easy to understand terms the entire end times scenario including seven easy to remember end events after years of scouring numerous passages and gathering all the prophecies scattered throughout the old and new testaments of the bible the author has been able to piece together the prophecies to form a single coherent picture of the end times during the process of gathering together the prophecies the author also discovered a profound prophecy concerning the emergence of a book in the end times that outlines seven events in the revelation chapter 10 john witnesses a powerful angel descending from heaven who holds open a book while he utters seven thunders although john heard the thunders and was about to write them down he was told to conceal them the author of a house divided feels that he has uncovered what those seven thunders are by themselves the seven end events only scratch the surface of all the new prophetic interpretations that are presented in this book there are at least twenty completely new interpretations of prophecy never before presented that are detailed in the book many of the author's interpretations are as bold in its assertions as the revelation is mysterious jews also will find this work especially intriguing in rather blunt terms the author exalts jews while diminishing the importance of many religious social and political organizations of our day including organized christian hierarchy and the catholic church the book uses a minimum of scriptural quotes and explains in everyday language and terms what christians must know to prepare themselves for a terrible
