did you fall prey to internet mania many investors were lured into the feeding frenzy of tech stocks internet stocks and dot coms but those who followed the proven methods of edwards and magee were prepared for a market adjustment when nothing else seems to work technical analysis does based on extensive research and experience technical analysis of stock trends gives you proven trading and investing techniques for success even in today s seemingly uncertain and unpredictable market get the new edition of the trader s bible completely revised and updated the eighth edition is the newest testament to the bible of stock market timing edward s practical clarification of the dow theory explanations of reversal and consolidation patterns trendlines and support or resistance are still the most useful tools you can have magee s proven methods remain the most effective measures ever developed for determining reliable buy or sell signals easy to follow examples explain how to construct and use charts to monitor trends and project with confidence when prices will fall how far they will drop when to buy and how to calculate and set up stops that protect your investment play the stock market the right way use the approach that has stood the test of time as a trader portfolio manager or long term investor you need information that will give you the edge there are plenty of so called short cuts out there but nothing beats rolling up your sleeves getting your hands dirty and learning how technical analysis works this book gives you more than a formula for trading and investing it gives you a formula for long term success old market new market technical analysis is the only way to go technical analysis of stock trends eighth edition shows you how to do it right see what s new in the eighth edition coverage of options futures options on futures ishares long term investing hedging and tax avoidance portfolio risk management and analysis controlling trade risk rhythmic investing current technology and software managing speculative frenzies tulipomanias and internet crazes critical new investment instruments such as diamonds and spdys current finance theory and practice pragmatic portfolio theory and practice current record of dow theory extensive bibliography appendix of resources such as internet sites professional risk and profit analysis gambler s ruin

analysis volatility formula sharpe ratio software packages and much more

this revised and updated version of the best selling book technical analysis of stock trends 10th edition presents proven long and short term stock trend analysis enabling investors to make smart profitable trading decisions the book covers technical theory such as the dow theory reversal patterns consolidation formations trends and channels technical analysis of commodity charts and advances in investment technology the book also includes a comprehensive guide to trading tactics from long and short goals stock selection charting low and high risk trend recognition tools balancing and diversifying the stock portfolio application of capital and risk management this sharpened and updated new edition offers patterns and charts that are tighter and more illustrative including modifiable charts expanded material will be offered on pragmatic portfolio theory as a more elegant alternative to modern portfolio theory and a newer simpler and more powerful alternative to dow theory is presented

sixty three years sixty three years and technical analysis of stock trends still towers over the discipline of technical analysis like a mighty redwood originally published in 1948 and now in its tenth edition this book remains the original and most important work on this topic the book contains more than dry chart patterns it passes down accumulated experience and wisdom from dow to schabacker to edwards and to magee and has been modernized by w h c bassetti bassetti a client friend and student of john magee one of the original authors has converted the material on the craft of manual charting with tekniplat chart paper to modern computer software methods in actuality none of magee s concepts have proven invalid and some of his work predated modern concepts such as beta and volatility in addition magee described a trend following procedure that is so simple and so elegant that bassetti has adapted it to enable the general investor to use it to replace the cranky dow theory this procedure called the basing points procedure is extensively described in the new tenth edition along with new material on powerful moving average systems and leverage space portfolio model generously contributed by the formidable analyst

ralph vince author of handbook of portfolio mathematics see what s new in the tenth edition chapters on replacing dow theory update of dow theory record deletion of extraneous material on manual charting new chapters on stops and basing points new material on moving average systems new material on ralph vince s leverage space portfolio model so much has changed since the first edition yet so much has remained the same everyone wants to know how to play the game the foundational work of the discipline of technical analysis this book gives you more than a technical formula for trading and investing it gives you the knowledge and wisdom to craft long term success

technical analysis of stock trends by robert d edwards and john magee is considered to be the bible of market analysis the first book to introduce a methodology for determining the predictable behavior of investments and markets technical analysis of stock trends revolutionized technical investment approaches and showed traders and investors how to make money regardless of what the market is doing a true classic of market analysis this book is an indispensable reference for investors and traders both seasoned veterans and the new generation alike

for 50 years this universally acclaimed classic has remained the bible on technical stock analysis this 7th edition explains every aspect of charting from basic principles to advanced trading techniques to help investors make money regardless of what the market is doing completely revised and updated with new charts and references
