this radical account of the evolution of political social and economic institutions weaves together strands of anthropology sociology political science history and economics in a highly readable text howard sherman explains the interconnections of ideas and economic forces and traces the evolution of social and economic institutions from primitive times to the present sherman focuses on the myth of inevitable progress in technology and argues that it progresses only when social and economic institutions and dominant ideas encourage it to improve he shows that throughout history technology as a part of the economic forces ebbs and flows to create or undermine existing economic institutions

china s path to political reform over the last three decades has been slow but discourse among chinese political scientists continues to be vigorous and forward thinking china s political development offers a unique look into the country s evolving political process by combining chapters authored by twelve prominent chinese political scientists with an extensive commentary on each chapter by an american scholar of the chinese political system each chapter focuses on a major aspect of the development of the chinese party state encompassing the changing relations among its constituent parts as well as its evolving approaches toward economic growth civil society grassroots elections and the intertwined problems of supervision and corruption together these analyses highlight the history strategy policies and implementation of governance reforms since 1978 and the authors recommendations for future changes this extensive work provides the deep background necessary to understand the sociopolitical context and intellectual currents behind the reform agenda announced at the landmark third plenum in 2013 shedding light through contrasting perspectives the book provides an overview of the efforts china has directed toward developing good governance the challenges it faces and its future
