the only information we have on atlantis is from a very ancient egyptian account that describes it as bigger than all their neighbours combined why is this fact ignored by most of the fanciful theories from atlantis to our current scientific predictions the truth about so many things becomes clear and obvious only if all the facts are collected and examined yet many people just select those that agree with their thinking the resulting conflict between experience and belief truth and distortion or good and bad is only resolved when science philosophy and theology are harmonized and examined as aspects of one universal truth

the key to almost everything is an engaging contemporary and concise approach to sociology written for adults students and just about anybody who could profit from knowing about the discipline of sociology it is expertly written by an author drawing on 40 years of teaching on the fundamental social structures and processes characteristic of human societies each of the book s chapters is modeled on the courses found in the sociology curriculum these chapters are not course or lecture notes rather they are engaging lessons on topics such as political sociology urban sociology religion in sociology crime and guns poverty the
