patterns of empire comprehensively examines the two most powerful empires in modern history the united states and britain challenging the popular theory that the american empire is unique patterns of empire shows how the policies practices forms and historical dynamics of the american empire repeat those of the british leading up to the present climate of economic decline treacherous intervention in the middle east and overextended imperial confidence a critical exercise in

revisionist history and comparative social science this book also offers a challenging theory of empire that recognizes the agency of non western peoples the impact of global fields and the limits of imperial power

a timely and provocative comparison of the british and american empires are they alike or are they very different beasts the present american empire is often compared with the british one of yore not surprising in view of the fact that afghanistan and iraq were once british imperial stamping grounds too but how alike are the two empires really what are the connections between them and what can we learn from the comparison in this compellingly written book a leading historian of the british empire explores these questions in depth for the first time bernard porter finds that britain and america had uncannily similar imperial histories before the present day but that now considerable differences exist he argues that post 2001 american imperialism is an imperialism of a different sort a super imperialism that no longer repeats british imperialism but now transcends it porter s comparison illuminates british imperialism including tony blair s the american version of imperialism administered under george w bush and the relation of imperialism to such phenomena as capitalism globalization free trade and international security his insights are often surprising and always original and thought provoking

burbank and cooper examine rome and china from the third century bce empires that sustained state power for centuries

an indispensable introduction to roman society culture law politics religion and daily life as they relate to the study of the new testament the roman empire formed the central context in which the new testament was written anyone who wishes to understand the new testament texts must become familiar with the political economic societal cultural and religious aspects of roman rule much of the new testament deals with enabling its readers to negotiate in an array of different manners this pervasive imperial context this book will help the reader see how social structures and daily practices in the roman world illumine so much of the content of the new testament message for example to grasp what paul was saying about food offered to idols one must understand that temples in the roman world were not churches and that they functioned as political economic and gastronomic centers whose religious dealings were embedded within these other functions brief in presentation yet broad in scope the roman empire and the new testament an essential guide will introduce students to the information and ideas essential to coming to grips with the world in which early christianity was born

excerpt from the empire and the century a series of essays imperial problems and possibilities by

various writers if there is any truth in schiller s saying men rise by their higher purposes it is as applicable to nations as to individuals in no period in history has it fallen to the lot of mankind to witness a greater empire than the british empire of to day and it follows as a logical conclusion that the administration of such an empire must needs imply a heavy weight of responsibility are we conscious of these responsibilities and is the nation rising to meet them surely on no occasion is the question of its future more vital is in fact the duty of reflection and examination more in keeping with national rejoicing than on the centenary of the great naval battle which determined the future of the empire and laid the foundations of modern europe to serious men trafalgar should be considered in the light of a national sacrament the lessons of the past are weighed our vows for the future renewed re jolcmg must be combined with national self examina tion and the conditions of our success in the past used as a guide to our conduct in the future about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

a compelling look at the unexpected ways america resembles ancient rome and what we must do to avoid a catastrophic fall

available online or as a four volume print set the encyclopedia of empire provides exceptional in depth comparative coverage of empires throughout human history and across the globe features over 400 peer reviewed entries including both short definitional entries as well as discursive essay style articles on major topics and themes coverage includes individual empires people events and ideas that shaped the imperial experience as well as comparative themes such as environment slavery law and weaponry reflects the recent resurgence of interest in this interdisciplinary and dynamic field of study with newer approaches included alongside traditional topics 4 volumes encyclopediaofempire com

empire and the animal body violence identity and ecology in victorian adventure fiction develops recent work in animal studies eco criticism and postcolonial studies to reassess the significance of exotic animals in victorian adventure literature depictions of violence against animals were integral to the ideology of adventure literature in the late nineteenth and early twentieth centuries however the evolutionary hierarchies on which such texts relied were complicated by developing

environmental sensitivities and reimaginings of human selfhood in relation to animal others as these texts hankered after increasingly imperilled areas of wilderness the border between human and animal appeared tense ambivalent and problematic

the notion that the british empire was in any way an irish empire is not one that will cut very much ice on the contemporary island of ireland north or south this volume explores aspects of the experience of ireland and irish people within the british empire and addresses a central concern of modern irish scholarship the paradox that ireland was both imperial and colonial lies at the heart of this book one of the themes which emerges from the studies in this book is the irrelevance of the empire to some irish concerns popular culture sport and film are investigated as well as business history and the military and political sinews of empire in cinematic terms the image of ireland has been largely in the hands of the british and american film industries analogies between ulster loyalists and zealous british settlers are frequently drawn the book examines the views of that region's businessmen on the british empire including their perception of empire the role of empire as an economic unit and views the status of northern ireland within the empire the eventual choice of both flags illustrates that pre partition strands of both loyalism and unionism continued to survive among leading politicians within ulster during the 1920s the british empire union of 1915 established to make the irish more empire minded included the energetic promotion of imperial history in schools and of the idea of empire day within the population as a whole

in a book that naomi klein says could change the world anthony hall shows that the globalization debate actually began in 1492

the encyclopedia of empire provides exceptional in depth comparative coverage of empires throughout human history and across the globe

written by specialists from various fields this edited volume is the first systematic investigation of the impact of imperialism on twentieth century britain the contributors explore different aspects of britain's imperial experience as the empire weathered the storms of the two world wars was subsequently dismantled and then apparently was gone how widely was the empire's presence felt in british culture and society what was the place of imperial questions in british party politics was britain's status as a global power enhanced or underpinned by the existence of its empire what was the relation of britain's empire to national identities within the united kingdom the chapters range widely from social attitudes to empire and the place of the colonies in the public imagination to the implications of imperialism for demography trade party politics and political culture government and foreign policy the churches and civil society and the armed forces the volume also

addresses the fascinating yet complex question of how after the formal end of empire the colonial past has continued to impinge upon our post colonial present as contributors reflect upon the diverse ways in which the legacies of empire are interpreted and debated in Britain today

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

the British empire played a crucial part in the first world war supplying hundreds of thousands of soldiers and labourers as well as a range of essential resources from foodstuffs to minerals mules and munitions in turn many imperial territories were deeply affected by wartime phenomena such as inflation food shortages combat and the presence of large numbers of foreign troops this collection offers a comprehensive selection of essays illuminating the extent of the empire's war contribution and experience and the richness of scholarly research on the subject whether supporting British military operations aiding the British imperial economy or experiencing significant wartime effects on the home fronts of the empire the war had a profound impact on the colonies and their people the chapters in this volume were originally published in *Australian Historical Studies* the *Journal of Imperial and Commonwealth History* *First World War Studies* or the *Round Table* the *Commonwealth Journal of International Affairs*

the notion of empire has in recent years taken on a renewed importance in world politics US foreign policy has in particular been associated with this concept by both critics and supporters of American global power but what exactly is an empire what distinguishes different forms of empire is this category still useful in a post colonial world these and other related questions are addressed in this historically informed conceptual introduction to the idea of empire Alejandro Colás draws on interdisciplinary debates surrounding this disputed notion and offers a survey of different imperial experiences across time and place successive chapters consider the imperial organization of political space the role of markets in sustaining imperial rule and the contradictory expressions of imperial culture Colás argues that in each of these arenas we can establish differences among empires but also contrast imperial polities to other forms of political rule in addition he suggests that the experiences and legacies of empire are key to an understanding of the world today including forms of global governance and experiments in nation building using wide ranging examples the book discusses some of the major theories of empire and imperialism in an accessible and engaging way above all the text aims to bring the concept of empire alive to those concerned with contemporary world

politics and society it will be of great interest to those studying and teaching world history international relations comparative politics or global sociology

how modern europe came to be a new look at the powerful forces that transformed the continent by the end of the first millennium
