although a large majority of believers agree that they should share their faith most report that they in fact do not that s not really all that surprising given today s pluralistic cultural setting but maybe this same culture s longing for transcendence community and a place to call home points to a backstory that makes sense of it all if such a narrative exists it deserves a hearing and those who know and live this story have both the responsibility and privilege of sharing its message of hope the narrative of the bible tells just such a story where god s purpose from the beginning has been to dwell or tabernacle in the midst of the people he has created this book traces the theme of god s tabernacling presence across scripture reading the story afresh through a missional lens in order to gain insights for mission and gospel witness the hope is that readers will awaken wide eyed to the wonder of god s tabernacling presence in our midst that we will live in such a way that others recognize this reality and that we will boldly and joyfully share the good news of jesus under the direction and power of his indwelling spirit

as the world hurtles towards urbanization at an ever increasing pace there arises the need for further theological reflection on the city globalization international immigration and densification in cities are having a transformative impact on the urban landscape urban mission is at the forefront of many denominations church planting networks ministries and mission organizations yearning for citywide transformation how are we to think biblically and theologically about the city view from the urban loft will take readers through the development of cities throughout history act as a guide to navigating the current forces shaping urban environments and seek to uncover a theology of the city that gives christians a rationale and a biblical understanding of the meaning and purposes of the city and then how to live in it for the glory of god

engaging with themes of conflict change and crisis this book re invigorates the distinct interdisciplinary field of canadian political economy

new urban forms characterizing contemporary metropolises reflect a certain continuity with the patterns of the past they also include unexpected forms of settlement and design that have emerged in response to social and economic needs and as a way of leveraging new technologies politics of the periphery sets out to explore sub urban governance in diverse contexts in order to better understand how materiality and space are shaped by the possibilities and constraints of confronting actors this collection edited by pierre hamel examines the empirical aspects of collective action and planning in eight urban regions around the world across north america europe asia and africa and reveals the impacts and consequences of various structures of suburban governance the case studies feature a diverse range of local actors facing both the specificity of their respective milieus and the broader context of extended urbanization as metropolitan regions cope with new territorial challenges the book focuses on suburbanization processes that characterize most of these post metropolitan regions and questions whether it is possible to improve suburban governance in the face of growing

uncertainties arising from structural and subjective transformations paying close attention to the relationship between the local and the global politics of the periphery challenges the planning processes of evolving metropolitan regions

presents articles on over 240 major cities around the world including demographic information history politics public systems culture social life and future outlook

in the current postmodern reality where society is no longer viewed as a totality but as a collection of individual interests public space both as a physical and symbolic space has no determined contours and the public sphere is likely to take new forms yet as a crucial principle of democracy public space will continue to feed discussions as long as models of participatory democracy represent the guarantor of good governance and the preservation of the public good ranging from architecture sociology to literary criticism and women and gender studies the essays that compose this collection have as a common denominator the idea of public space as a vital aspect of public life in modern as well as in developing and traditional societies placing themselves beyond the relentless theoretical debates around the concept of public space the authors agree that no matter what forms it takes public space remains a fundamental aspect of even those societies that until recently were viewed as hermetically sealed what emerges from the different perspectives included in this book is a general consensus that the symbolic value of the physical public space is grounded in the collective socio political consciousness as the basis for a general sense of civic action

an holistic analysis of tourism as an urban phenomenon examining the challenge of developing harnessing and managing urban tourism the text develops concepts from outside tourism providing a basis for students to undertake research outside traditional confines
