this book is a study of uw men s basketball fans during the 2001 2002 season and explores their proclivity to cheering for self during basketball events  
the term basketball event is used rather than basketball game to make clear that everything connected to and seen heard or experienced before during

and after a basketball game is included the actual game itself is only part of the basketball event an undercurrent runs throughout this participant observation mini ethnography dealing with access and the relative quality of that access to basketball events being affected by ones age class race and gender the prominent role of advertising in shaping basketball events and helping to construct fans as consumers of products both commercial and institutional during the process of cheering for self is central to this idea cheering for self is the activity engaged in by individual fans after they find things to identify or connect with through personal investment fans cheer for self indirectly fans cheer for the team that they identify with through the process of cheering for self while attending the basketball event people are taught how to become fans to consume a uw product the basketball event and to consume advertisers products people have a tendency to spend their entire life trying to impress others

Ôthe international handbook on teaching and learning economics is a power packed resource for anyone interested in investing time into the effective improvement of their personal teaching methods and for those who desire to teach students how to think like an economist it sets guidelines for the successful integration of economics into a wide variety of traditional and non traditional settings in college and graduate courses with some attention paid to primary and secondary classrooms the international handbook on teaching and learning economics is highly recommended for all economics instructors and individuals supporting economic education in courses in and outside of the major this handbook provides a multitude of rich resources that make it easy for new and veteran instructors to improve their instruction in ways promising to excite an increasing number of students about learning economics this handbook should be on every instructorÔs desk and referenced regularly Ô Ð tawni hunt ferrarini the american economist Ôin delightfully readable short chapters by leaders in the sub fields who are also committed teachers this encyclopedia of how and what in teaching economics covers everything there is nothing else like it and it should be required reading for anyone starting a teaching career Ð and for anyone who has been teaching for fewer than 50 years Ô Ð daniel s hamermesh university of texas austin us the international handbook on teaching and learning economics provides a comprehensive resource for instructors and researchers in economics both new and experienced this wide ranging collection is designed to enhance student learning by helping economic educators learn more about course content pedagogic techniques and the scholarship of the teaching enterprise the internationally renowned contributors present an exhaustive compilation of accessible insights into major research in economic education across a wide range of topic areas including pedagogic practice Ð teaching techniques technology use assessment contextual techniques and k 12 practices research findings Ð principles courses measurement factors influencing student performance evaluation and the scholarship of teaching and learning institutional administrative issues Ð faculty development the undergraduate and graduate student and international perspectives teaching enhancement initiatives Ð foundations organizations and workshops grounded in research and covering past and present knowledge as well as future challenges this detailed compendium of economics education will prove an invaluable reference tool for all involved in the teaching of economics graduate students new teachers lecturers faculty researchers chairs deans and directors

the 3rd edition of resorts management and operation is a summary of almost 30 years of thought analysis and research into the field of resort management written from a business viewpoint yet takes into account the unique structure of resorts the text is divided into three sections each section has a philosophical basis for the inclusion of the subsequent principles and practices the first section covers major types of resorts those that are mountain based beach based and golf tennis based two chapters are devoted to each of the various resort types the first chapters of each resort type focuses on development issues with the impact on operations noted throughout the second chapter in each resort type deals with guest profiles and management issues the second section highlights what makes managing a resort different from managing a regular hotel the final section features a newly expanded chapter on spas pools and indoor water parks along with individual chapters on specialty resorts cruise ships and casinos reflecting the importance of these types of properties

written by two leading international business scholars the second edition of international business takes a truly global perspective that goes beyond the united states presents the latest concepts tools and events and adopts integrated and problem solving approaches for all chapters the book highlights the role of culture politics and legal issues in international business and illustrates how they influence institutions structures and processes that permeate all functions of business this is the only international business textbook that offers dedicated discussion of small and mid size international firms where many students are likely to be employed in addition to large multinational enterprises it is also the only text to offer chapters on corruption e commerce and international entrepreneurship the book offers a highly integrated and action focused approach to the field that helps the reader make explicit connections across concepts and functions develops the skill to address various ib issues and problems and most importantly broadens understanding of the global business environment and its repercussions for executives in addition to superior internal integration of the various issues discussed in the book for example this may be the only ib text where the chapter on finance and accounting has specific references to culture and how it affects those functions the book provides easy to understand links to functional business areas thus enabling better integration within the ba or mba business curriculum this book is suitable for both undergraduate and graduate business students taking such courses as international business international management global business global business strategy multinational management foreign direct investment
