in civilizations of ancient iraq benjamin and karen foster tell the fascinating story of ancient mesopotamia from the earliest settlements ten thousand years ago to the arab conquest in the seventh century accessible and concise this is the most up to date and authoritative book on the subject with illustrations of important works of art and architecture in every chapter the narrative traces the rise and fall of successive civilizations and peoples in iraq over the course of millennia from the sumerians babylonians and assyrians to the persians seleucids parthians and sassanians ancient iraq was home to remarkable achievements one of the birthplaces of civilization it saw the world s earliest cities and empires writing and

literature science and mathematics monumental art and innumerable other innovations civilizations of ancient iraq gives special attention to these milestones as well as to political social and economic history and because archaeology is the source of almost everything we know about ancient iraq the book includes an epilogue on the discovery and fate of its antiquities compelling and timely civilizations of ancient iraq is an essential guide to understanding mesopotamia s central role in the development of human culture

a magisterial study by a historian at the top of his game political theorists intellectual historians and students of empire are once again in duncan bell s debt for his deep research elegant analysis and consistently acute judgments david armitage harvard university

this cutting edge collection of essays offers provocative studies of ancient history literature gender identifications and roles and subsequent interpretations of the republican and imperial roman past the prose and poetry of cicero and petronius lucretius virgil and ovid receive fresh interpretations pagan and christian texts are re examined from feminist and imaginative perspectives genres of epic didactic and tragedy are re examined and subsequent uses and re uses of the ancient heritage are probed with new attention shakespeare nineteenth century american theater and contemporary productions involving prisoners and veterans comprising nineteen essays collectively honoring the feminist classical scholar judith hallett this book will interest the classical scholar the ancient historian the student of reception studies and feminists interested in all periods the authors from the united states britain france and switzerland are authorities in one or more of these fields and chapters range from the late republic to the late empire to the present

the information revolution is transforming the world especially the industrialised world but what are its implications for the implementation of an african renaissance based on a foucaultian analytical framework this book argues that the internet has become a major western instrument of domination in africa by extending the reach of western hegemonic discourses the internet adds another dimension to western discursive power however by allowing for the active participation in the process of naming the world the internet also affords unprecedented means of transcending dependency

civilization past and present concise version is a carefully honed version of the best selling civilization past and present ninth edition this first brief survey of world history published in four color civilization past and present concise version treats the development and growth of civilization as a global experience through which all the great culture systems have interacted to produce the present day world this new text considers all types of history social economic political military diplomatic religious aesthetic intellectual and technological as it examines that global interaction maintained throughout this compelling brief survey are a consistent writing style and level of presentation uncommon in multi authored texts its full color format abundant pedagogical aids unique discovery through maps feature primary source documents and end of chapter annotated

website urls make this book the most user friendly available in this market civilization past and present concise version offers the content features and pedagogy of a big text but in a briefer four color format finally a book for students that is truly manageable and provocative

the explosion of new themes and working areas in social sciences in the aftermath of the cold war stimulated the cultural turn of the previous decades and strengthened the position of the notion of civilization as a unit of analysis and locus of academic debate in the fields of history philosophy sociology political science and international relations given the fabricated and standardized nature of recent literature on political economic and socio cultural aspects of globalization it is crystal clear that historically and philosophically enlightened works written from the perspective of civilizational transformation will provide the much needed sophistication to conventional social science analyses trying to elucidate the organizing principles of the global order this novel collection represents a path breaking work in the field of global civilizational studies by constituting an interdisciplinary and theoretically informed platform on which complex debates on the political economic socio cultural philosophical and ecological aspects of the global order could be conducted the editors sadik unay and muzaffer senel managed to gather a truly original collection of articles from some of the leading authorities and promising academics on the theme of global orders with special reference to a civilization transformation covering a wide spectrum in time and space from antique greece to the islamic world from europe to the us and from east asian history to current globalizations publisher s description

including material from western civilizations by edward mcnull burns
