the central argument of this treatise is that for each generation there exist inherited ideas and contemporary concerns to which each creative artist and writer responds this volume relates english writers and artists of the period to developments in arch

this book examines the complex and varied ways in which fictions relate to the real world and offers a precise account of how imaginative works of literature can use fictional content to explore matters of universal human interest while rejecting the traditional view that literature is important for the truths that it imparts the authors also reject attempts to cut literature off altogether from real human concerns their detailed account of fictionality mimesis and cognitive value founded on the methods of analytical philosophy restores to literature its distinctive status among cultural practices the authors also explore metaphysical and skeptical views prevalent in modern thought according to which the world itself is a kind of fiction and truth no more than a social construct they identify different conceptions of fiction in science logic epistemology and make believe and thereby challenge the idea that discourse per se is fictional and that different modes of discourse are at root indistinguishable they offer rigorous analyses of the roles of narrative imagination metaphor and making in human thought processes both in their methods and in their conclusions lamarque and olsen aim to restore rigor and clarity to debates about the values of literature and to provide new philosophically sound foundations for a genuine change of direction in literary theorizing

the past few years mark a growing scholarly interest in african children s literature in the united states several books have recently been published on the subject and the number of papers on african children s literature presented at conferences or published in scholarly journals also seems to have increased these publications are becoming more and more sophisticated as scholars move away from general country surveys or analyses of publishing conditions and instead analyze literary structures themes and illustrations or apply marxist feminist or postcolonial theories to interpret literary works the question of an authentic voice in postcolonial african children s literature has emerged as a central concern to those who care about books for african children and young adults also of importance is the matter of how africa is presented in literature for children who do not live on that continent the essays in this book either take a postcolonial or revisionist approach to the study of colonial literature or discuss books published after decolonization the introductory essay provides a general analysis of the key issues facing the publication of children s books in postcolonial africa issues of national identity language appropriate genres and relevant themes to inculcate a nationalistic outlook in children and young adults the chapters that follow are located within this broad framework and are written by expert contributors while these essays reflect the scholarly interests and specialization of each author they also span the entire field of african children s literature the first group of chapters surveys african children s literature from a variety of angles and explores such topics as literacy and the publishing culture in africa the role and importance of awards nigerian young adult literature and the relevance of folktales the book then turns to a discussion of books about africa written by western authors for western readers which often project values and perspectives that betray a continuing colonial bias the last part of the book examines more specialized themes and concerns

modern literature is a branch of literature that focuses on literary works produced from the late 19th century to the present it explores themes such as identity alienation industrialization war and social change reflecting the complexities of modern life this subject includes the study of various genres like novels poetry drama and short stories along with literary movements such as modernism and postmodernism it also emphasizes critical analysis interpretation and appreciation of works by contemporary and influential writers helping readers understand evolving cultural social and

philosophical perspectives in literature

internationale entwicklungen und impulse fordern dazu auf bildungssysteme gerecht und inklusiv auszugestalten das vorliegende buch greift dies auf und fokussiert das häufig unscharf diskutierte verhältnis zwischen inklusiver bildung und bildungsgerechtigkeit durch die zusammenstellung von aktuellen forschungsergebnissen und theoretischen beiträgen aus mehreren europäischen ländern zu dem thema schaffen die autor innen einen übergreifenden diskussionsrahmen

includes related teaching materials

the bloomsbury handbook of reading perspectives and practices focuses on the experiences of reading from a young age to maturity and the different ways reading is encountered in other words the processes involved as well as the outcomes the international group of experts within both teaching and academia focuses on reading in school how is it taught what is taught how is it assessed controversial issues are explored the acquisition of phonics teaching the canon including or ignoring digital texts the advent of standards based tests the contributions also consider people s biographies of reading their memories of reading in school and their current views on literature together this well edited volume provides a more complete view of reading than is currently on offer exploring all aspects of what it means to be literate and how we define being literate

andererseits provides a forum for research commentary and creative work on topics related to the german speaking world and the field of german studies works presented in the publication come from a wide variety of genres including book reviews poetry essays editorials forum discussions academic notes lectures and traditional peer reviewed academic articles in addition we welcome contributions by journalists librarians archivists and other commentators interested in german studies broadly conceived as a specifically transatlantic endeavor we also highlight select topics in american studies that impact german studies by publishing such a diverse array of material we hope to demonstrate the extraordinary value of the humanities in general and german studies in particular on a variety of intellectual and cultural levels this issue features sections about german studies approaches to media literacy stephen dowden s book modernism and mimesis and the poetics of ambiguous memory

storytelling has always occupied a central role in the configuration of self and world however the patterns of meaning it creates are often controversial as they are metaphoric or holistic the handbook of literary criticism and ethics provides a clear roadmap to understanding the changing ethical value attributed to western literature from the ancient greeks to the present readers will gain a nuanced apprehension of the evolution of literary forms both alongside and against the dominant cultural paradigms what ensues are critical reconfigurations of ethics and aesthetics
