collection of instructions and music for teaching folk dances to people of all ages

your move a new approach to the study of movement and dance establishes a fresh and original framework for looking at dance in examining the basic

elements of dance the alphabet of movement and using illustrations of movement technique and notation symbols it provides a new way to see to teach and to choreograph dance this book gives a list of primary actions upon which all physical activity is based focusing on both the functional and expressive sides of movement it draws upon the author's broad experience in ballet modern and ethnic dance to reinterpret movement and to shed new light on the role of movement in dance your move is an important book not only for dancers but also for instructors in sport and physical therapy each copy of your move comes complete with exercise sheets which can also be purchased separately a teacher's guide has also been designed providing notes on each chapter approaches to the exploration of movement interpretation of the reading studies additional information of motif description and answers to the exercise sheets an optional audio cassette with music written and recorded especially for use with the book is also available

a comprehensive guide to the inclusion techniques when teaching dance this work provides strategies for including a variety of ability levels in dance and movement experiences

this invaluable resource for teachers and therapists continues to explore the link between movement and emotions presented in the first edition of this innovative book it provides 180 practical activities with a clear rationale for the use of creative dance and movement to enrich therapy or educational programmes this book features session plans divided into warm ups introductions to themes development of themes and warm downs and explores many areas including developmental movement processes non verbal communication and expression communication in addition to thoroughly updating the content of the original edition this timely sourcebook includes new material on creative dance and dance movement psychotherapy added references throughout and updated resources to reflect the most current knowledge creative dance and movement in groupwork will be an invaluable asset for group leaders wishing to enhance their practice as well as a starting point for those wishing to learn more about the field it provides guidance and practical information that is suitable for working with clients of all ages and for those with a professional or practical interest in the educational health recreational or psychotherapeutic use of the arts this book may act as one of many guiding lights on your journey

the author takes a new approach to teaching notation through movement

exercises thus enlarging the scope of the book to teachers of movement and choreography as well as the traditional dance notation students updated and enlarged to reflect the most recent scholarship and through a series of exercises this book guides students through movement stillness timing shaping accents travelling direction flexion and extension rotations revolutions and turns supporting balance relationships all of these movements are related to

dance improvisation the intriguing phenomenon of the creative process alive in the moving body exists powerfully sublimely lending insight solving problems allowing moments of transcendence diversion and delight flourishing especially since the postmodern movement of the 1960s it has come into its own in the performing arts while there are many books containing ideas for developing improvisations few have tackled the difficult questions what is dance improvisation how does it work or what is its body of knowledge the moment of movement goes beyond lists of improvisations and into the heart of improvising as in their previous book the intimate act of choreography the authors pursue both the philosophical and the practical they begin by examining the creative process as it applies to movement and especially the kinesthetic way in which the body knows and uses movement they answer the often unstated and pertinent questions of the novice investigate the particular skills and traits needed by the leader consider ways of working with specific populations and provide challenging material for advanced movers they discuss the use of music and the specific situation of improvisation in performance for leaders who want to design their own improvisations they trace the evolution of an idea into an actual content and structure they also address the controversial issue of the legitimacy of improvisation in an academic curriculum a final chapter presents hundreds of improvs and improv ideas grouped into units and cross referenced the moment of movement is not tied to any one point of view the authors presentation of a broad range of material is flexible enough for use by choreographers directors educators and therapists in its perceptive investigation of the experiential and conceptual aspects of dance improvisation this book articulates the ephemeral

this original and fascinating approach to children s movement development is highly recommended reading for tutors practitioner and students alike under five movement and dance in early childhood offers a clear and accessible entry into the world of movement and dance and the possibilities that exist for children their families and the wider educational community

every child eminently readable and accessible whether the reader is versed in movement understanding or a beginner by the end of the book they should be a much better movement observer teacher and handler marion north principal and chief executive laban centre for movement and dance in this unique and innovative book on movement and dance development from birth to eight years the author draws on her depth of knowledge and practical experience in helping children to become skilled creative and imaginative in a wide range of movement oriented activities the book seeks to help early childhood educators and parents in very practical ways and provides guidance based on a sound theoretical understanding originally published as helping children learn through a movement perspective this book has been updated in the light of recent research the author extends her investigation of how young children learn in and through movement there is an expanded chapter on dance which suggests strategies for working with young children and examines ways in which young children take on the roles of dance makers performers and appreciators an additional chapter shows ways in which the expressive and artistic aspects of children s movement can be appropriately located and includes exemplars for dance at key stage 1 and the early phases of key stage 2
