media and the sexualization of childhood examines the on going debates surrounding the prominence of sexual themes in children s lives from clothes and accessories toys and games to music entertainment media advertising and new media platforms parents educators and politicians around the developed world have raised concerns about the effects all these experiences can have on the socialisation and psychological development of children and the extent to which the premature introduction of sexuality into their lives can place them at risk of unwanted attention this book explores these issues using an evidence based approach that draws on research findings from around the world representing the

most comprehensive single account of the field the book will be invaluable to students studying topics surrounding children and the media and childhood studies as well as students of communication media cultural studies sociology psychology and health science

pop culture and the advertising that surrounds it teaches young girls and boys five myths about sex and sexuality girls don't choose boys boys choose girls but only sexy girls there's only one kind of sexy slender curvy white beauty girls should work to be that type of sexy the younger a girl is the sexier she is and sexual violence can be hot together these five myths make up the lolita effect the mass media trends that work to undermine girls' self-confidence that condone female objectification and that tacitly foster sex crimes but identifying these myths and breaking them down can help girls learn to recognize progressive and healthy sexuality and protect themselves from degrading media ideas and sexual vulnerability

this practical resource is designed to prevent teenage girl bullying by tackling its root causes part 1 explores girl bullying and its complexities part 2 includes over 60 tried and tested activities to help girls aged 11-16 understand their needs and values and build self-esteem positive attitudes and relationships skills

this book discusses already established accounts about the sexualization of children through a theoretical and an empirical framework which bring together popular culture consumption sexuality selfhood and childhood adopting the view that the debate about the sexualization of childhood is socially constructed it pushes beyond the dominant preconceptions about the risks of childhood moral judgements about children's welfare are perhaps nowhere more transient and controversial than when it comes to children's sexuality something that has deep historical roots however and contrary to recurrent fears and moral panics about the loss of childhood as a result of a tidal wave of a sexualizing culture this book theorizes the notion of children's sexualization within the social construction of myths of childhood innocence while also taking into account the extent of young people's actual engagement with media and technology in contemporary western societies it is within such a contextual framework that this book unfolds bringing together a historical contextualization of childhood sexuality and pornography with contemporary empirical accounts regarding the presentation of the self and self management

the routledge companion to media and gender offers a comprehensive examination of media and gender studies charting its histories investigating ongoing controversies and assessing future trends the 59 chapters in this volume written by leading researchers from around the world provide scholars and students with an engaging and authoritative survey of current thinking in media and gender research the companion includes the following features with each chapter addressing a distinct concrete set of issues the volume includes research from around the world to engage readers in a broad array of global and transnational issues and intersectional perspectives authors address a series of important questions that have consequences for current and future thinking in the field including postfeminism sexual violence masculinity media industries queer identities video games digital policy media

activism sexualization docusoaps teen drama cosmetic surgery media islamophobia sport telenovelas news audiences pornography and social and mobile media a range of academic disciplines inform exploration of key issues around production and policymaking representation audience engagement and the place of gender in media studies the routledge companion to media and gender is an essential guide to the central ideas concepts and debates currently shaping media and gender research

pop culture and the advertising that surrounds it teaches young girls and boys five myths about sex and sexuality girls don't choose boys boys choose girls but only sexy girls there's only one kind of sexy girls should work to be that type of sexy the younger a girl is the sexier she is sexual violence can be hot together these five myths make up the lolita effect the mass media trends that work to undermine girls' self-confidence that condone female objectification and that tacitly foster sex crimes but identifying these myths and breaking them down can help girls learn to recognize progressive and healthy sexuality and protect themselves from degrading media ideas and sexual vulnerability in the lolita effect dr m gigi durham offers breakthrough strategies for empowering girls to make healthy decisions about their own sexuality

what can psychology teach us about sex how do different bodies and brains respond sexually how can we prevent people being stigmatised for their sexuality the psychology of sex takes you on a tour through the different ways that psychologists have created and sustained certain understandings of sex and sexuality bearing in mind the subjective nature of sex the book explores cultural concerns around sexualisation pornography and sex addiction as well as drawing on research from sexual communities and the applied area of sex therapy when so much of our relationship to sex happens in the mind the psychology of sex shows us how important it is to understand where our ideas about sex come from

modern industrialized society chronically and pervasively objectifies the female body and many women have come to view themselves through the lens of an external observer habitually monitoring their own appearance whether in public or private settings given the negative effects associated with self-objectification such as body shame appearance anxiety depression and disordered eating an empirically based approach to researching and counteracting self-objectification is critical this book integrates recent research developments and current clinical knowledge on self-objectification in women using barbara l fredrickson and tomi ann roberts objectification theory as a framework the contributors address various aspects of the theory including evidence for and causes of self-objectification across the life span psychological consequences and associated mental health risks the book also discusses various scales for measuring self-objectification as well as approaches to prevent and disrupt this phenomenon with research from a variety of disciplines psychology sociology anthropology women's studies and political science this book should be read by everyone interested in the well-being of women publicity materials pscinfo database record c 2010 apa all rights reserved

following upon the success of her book mediated women representations in popular culture the author s latest anthology takes a new look at a wide range of contemporary images of women within the media to examine the meanings behind the representations of women in popular culture this book explores what representation of women says about their positions in society the factors that shape representation and the roles that gender race class ethnicity and sexual orientation play within the mediated portrayal of women drawing primarily on qualitative textual analysis of film reality tv advertising the news children s programming soap operas tv drama and more the book situates the representation of women in popular culture along a continuum ranging from stereotypical portrayals that underscore women s bodies as pornographic spectacle to more positive and hopeful depictions and it argues that the contemporary portrayals of women within popular culture are shaped by two major trends the mainstreaming of pornography and its resultant hypersexualization of women and girls and the commodification of those images for a global market

the first book to examine how the ancient maya defined gender contributors explain what it meant to be male and female they show how gender was experienced and what the bases were for gender designations they demonstrate how gender relations affected other areas of mayan life such as the arts cosmology economics politics religion and social structure and they analyze the changes in mayan gender relations and identities that were fostered by evolving historical systems there was no single mayan polity nor was there a unitary cultural approach certain similarities in culture account for the observation of a general commonality among the ancient maya but there clearly were significant differences between mayan sites within the same site over time and even between social sectors at the same site in any given time this is no less true for ancient maya gender identity and relations thus the authors seek to explain why emphasis upon bilateral inheritance of power and prerogative was emphasized in artwork at some periods and some sites and not at others avoiding the vain attempt to provide a single explanation they seek to offer a clearer sense of the richness of their topic

the report attempts to account for what is going on in the field of gender and media in a broad sense the main focus is on news content and popular mainstream media primarily targeted at children and young people included are studies and reports from different disciplines as media issues also attract scholars outside traditional media and communications research

the sixth edition of dimensions of human sexuality reflects the latest research in human sexuality with its organization and coverage streamlined to meet the needs of today s sexuality courses in addition to a revised organization the new edition features new end of chapter pedagogy geared to foster students critical thinking skills and coverage of sexual orientation has been enhanced throughout the text
