this book deals with albanian including the dialects spoken in southern italy and with the aromanian spoken in southern albania these languages are set in the context of current generative research on syntax morphology language variation and contact yielding insights into key morphosyntactic notions of case agreement complementation and into phenomena such as differential object marking the person case constraint linkers and control

in march 1945 at the end of the second world war hundreds of unarmed albanian recruits were massacred by yugoslav partisans for too long the memory of this massacre in tivari a coastal town in montenegro was suppressed by the yugoslav state and kept alive in kosovo only in informal versions nurtured and retold in a spirit of ethnic mistrust and hatred depicted in graphic format the long winter of 1945 presents an oral history of this traumatic event based on interviews with surviving participants archival documents and historical research provide context placing the massacre in the broader setting of forced mass mobilization to fight as well as the last pocket of italian resistance the long winter of 1945 situates the events in tivari into the broader context of yugoslavia s war for liberation and the civil war between serbs and albanians bringing this traumatic event to the fore this beautifully illustrated graphic novel rescues the memory of the victims and survivors from political exploitation

exploring nato s post cold war determination to support democracy abroad this book addresses the alliance s adaptation to the new illiberal backlashes in eastern europe the western balkans and

afghanistan after the alleged return of history the book engages the question of what has driven nato to pursue democratisation in face of the significant region specific challenges and what can explain policy expansion or retrenchment over time explaining nato s adaptation from the perspective of power dynamics that push for international change and historical experience that informs grand strategy allows wider inferences not only about democratisation as a foreign policy strategy but also about the nature of the transatlantic alliance and its relations with a mostly illiberal environment larsen offers a theoretical conception of nato as a patchwork of one hegemonic and several great power interests that converge or diverge in the formulation of common policy as opposed to nato as a community of universal values this volume will appeal to researchers of transatlantic relations nato s functional and geographical expansion hegemony and great power politics democracy promotion lessons of the past neoclassical realism alliance theory and the crisis of the liberal world order
