if you re an app developer with a solid foundation in objective c this book is an absolute must chances are very high that your company s ios applications are vulnerable to attack that s because malicious attackers now use an arsenal of tools to reverse engineer trace and manipulate applications in ways that most programmers aren t aware of this guide illustrates several types of ios attacks as well as the tools and techniques that hackers use you ll learn best practices to help protect your applications and discover how important it is to understand and strategize like your adversary examine subtle vulnerabilities in real world applications and avoid the same problems in your apps learn how attackers infect apps with malware through code injection discover how attackers defeat ios keychain and data protection encryption use a debugger and custom code injection to manipulate the runtime objective c environment prevent attackers from hijacking ssl sessions and stealing traffic securely delete files and design your apps

to prevent forensic data leakage avoid debugging abuse validate the integrity of run time classes and make your code harder to trace

every article written between 2012 and 2017 by bryan lunduke originally published by network world these articles represent a snapshot a sort of time capsule of the state of linux open source and alternative operating systems during that half decade it was a crazy time covered by an equally crazy guy

canadian literature and medicine breaks new ground by formulating a series of frameworks with which to read and interpret a national literature derived from the very fabric of that literature in this case canadian literature is of particular interest because of its consideration of coloniality indigeneity and coincident development alongside a nascent socialized medical system currently under threat from neoliberalism the first chapters of the book carefully track the development of canada's socialized medical system as it manifests in the imaginations of the nation's poets and authors who depict care reciprocal flows are investigated in which these poets and authors are quoted in policy documents the archive based methodology is sustained in subsequent chapters that rely upon a unique interdisciplinary mix of medical history philosophy of medicine medical policy theory inherent to the field of canadian literature focusing in particular on the garrison mentality as a form of aesthetic protest and the feminist ethics of care and indigenous ways of knowing

an increasing number of countries develop capabilities for cyber espionage and sabotage the sheer number of reported network compromises suggests that some of these countries view cyber means as integral and well established elements of their strategical toolbox at the same time the relevance of such attacks for society and politics is also increasing digital means were used to influence the us presidential election in 2016 repeatedly led to power outages in ukraine and caused economic losses of hundreds of millions of dollars with a malfunctioning ransomware in all these cases the question who was behind the attacks is not only relevant from a legal perspective but also has a political and social dimension attribution is the process of tracking and identifying the actors behind these cyber attacks often it is considered an art not a science this book systematically analyses how hackers operate which mistakes they make and which traces they leave behind using examples from real cases the author explains the analytic methods used to ascertain the origin of advanced persistent threats

developing countries lose billions each year through bribery misappropriation of funds and other corrupt practices much of the proceeds of this corruption find safe haven in the world's financial centers these criminal flows are a drain on social services and economic development programs contributing to the impoverishment of the world's poorest countries many developing countries have already sought to recover stolen assets a number of successful high profile cases with creative international cooperation has demonstrated that asset recovery is possible however it is highly complex involving coordination and collaboration with domestic agencies and ministries in multiple jurisdictions as well as the capacity to

trace and secure assets and pursue various legal options whether criminal confiscation non conviction based confiscation civil actions or other alternatives this process can be overwhelming for even the most experienced practitioners it is exceptionally difficult for those working in the context of failed states widespread corruption or limited resources with this in mind the stolen asset recovery star initiative has developed and updated this asset recovery handbook a guide for practitioners to assist those grappling with the strategic organizational investigative and legal challenges of recovering stolen assets a practitioner led project the handbook provides common approaches to recovering stolen assets located in foreign jurisdictions identifies the challenges that practitioners are likely to encounter and introduces good practices it includes examples of tools that can be used by practitioners such as sample intelligence reports applications for court orders and mutual legal assistance requests star the stolen asset recovery initiative is a partnership between the world bank group and the united nations office on drugs and crime that supports international efforts to end safe havens for corrupt funds star works with developing countries and financial centers to prevent the laundering of the proceeds of corruption and to facilitate more systematic and timely return of stolen assets

arsenal fc a fan's journey through history this book is not your typical football history it's a passion filled story of arsenal fc written for the fans by a fan it takes you on a captivating journey through the club's most iconic moments from its humble beginnings as dial square in woolwich in 1886 to the modern day powerhouse it is today whether you're a lifelong gooner or new to the world of arsenal this accessible timeline brings the club's rich legacy to life in a way that's engaging informative and unforgettable the first in a new series of books history of football the arsenal story is divided into easy to digest decades with highlights of key players managers and pivotal events that shaped the club it's the perfect introduction for newcomers and a handy reference for long time fans wanting to revisit their favourite moments and check their facts discover surprising stories like how an archery contest in 1902 helped save the club or how arsenal became the first team to win the fa cup on penalties meet the legendary highbury express relive the famous battle of highbury and celebrate countless records trophies and unforgettable games each decade is framed by programme notes which place arsenal's journey within the broader story of football's evolution offering fresh insights and a deeper appreciation of the club's place in the sport's history

arsenal is special its multicultural fandom reflects a changing city and a unique relationship with black british popular culture thanks to its decades of fielding iconic black players on the pitch and the storied and diverse histories of its terraces arsenal has emerged as a powerful symbol of what an organic and convivial multicultural can be from the earliest hints in the late 1960s that something remarkable was happening up to arsenal's ascendance as a global organisation black arsenal is the first dedicated exploration of the club's relationship to contemporary black identity and culture it sees the club's affinity with black identity transcend football and spread across cultures in the media music fashion politics and everyday social experiences explored through a combination of stunning photography and rare archival

images black arsenal examines how a new black iconography emerged at arsenal at key moments in british history that became crucial to the creation of new forms of black identification with contributions including former legends ian wright and paul davis critical appraisals from paul gilroy gail lewis and clive chijioke nwonka and personal responses from clive palmer ezra collective amy lawrence and others black arsenal encounter the moments stories and experiences of how arsenal became an important and underexamined feature of modern black british culture and identity

so paddy got up is a unique collection of writing about arsenal football club edited by andrew mangan founder of arseblog it features bloggers writers and journalists reminiscing eulogising analysing and waxing lyrical about everything from the club s humble origins to where it finds itself now from great players to great managers from tactics to fans to stadia to kits amongst many other things contributors include amy lawrence paolo bandini philippe auclair gunnerblog goonerholic east lower michael cox and many more it s by far the greatest arsenal anthology the world has ever seen
