initially perceived as a peripheral region belarus has played a crucial role in shaping historical narratives from the first world war to the cold war the activities of belarusian nationalists were central to the country s involvement in broader geopolitical struggles

bound by exclusion and violence uses the lives of these nationalists as a lens to explore their motivations and collaborations with various states and intelligence agencies focusing on political activism armed resistance and covert espionage operations drawing from archival research in seven countries that shed light on local regional and global dynamics aleksandra pomiecko reveals belarus s active role in key ideological military and political conflicts the book offers a fresh perspective on the country s historical significance and its impact on major global events of the twentieth century in today s era of heightened geopolitical awareness bound by exclusion and violence highlights belarus s complex history and its continued relevance in contemporary discussions of political agency and international power dynamics

written with media students in mind this accessible book provides both students and researchers with a new perspective on how to research engagement not as a metric but as a marker of power relations this book navigates the reader through a tighter analytical notion of engagement within an understanding of media culture and democracy dahlgren and hill offer a new definition of engagement as an energising internal force and as such a powerful means to further human agency from this definition the book builds a generative theory of engagement as a nexus of relations we make and break with media on a daily basis with examples from political activism news and disinformation and the global pandemic dahlgren and hill identify five parameters of engagement in order to understand the relations we have with media across changing public and mediated spheres this new perspective offers students and researchers pathways for investigating the meaning of media engagement as a resource for living it will be particularly useful for undergraduate courses on media audiences and publics political communication and democracy media and cultural theory journalism and for media communication and sociology studies more broadly

detailing the history of a well known phenomenon of post socialism cross border petty trade and smuggling as the history of a practice in daily life from a gendered perspective this book considers how changes in these practices in a particular border region between

belarus and lithuania have been accompanied and to some extent provoked by changes in the border regime it looks at how the selective openness of the belarus lithuania border worked during different periods over the last twenty years and how it influenced the involvement of different social groups in shuttle trade practices

claims to crisis reverberate across societal and academic discourses as people around the world face dire situations and detrimental challenges yet the study of crisis tends to remain siloed and therefore oblivious to the multi dimensional nature of crisis which inhibits learning from one type of crisis to the next bringing together a broad team of contributors this book argues for a new interdisciplinary field of crisis studies covering a range of cases the book critically explores the intersections of socio economic political climate and health factors to unravel the dynamic and transformative forces of crisis in doing so the book contributes novel insights into human precariousness and resilience in times of crisis shaped by global local inequities post fact discourses and politics
