education is a paradoxical phenomenon on the one hand it is universal as since the period of enlightenment it has been declared universal good for everybody mo over we learnt by historical research following the ideas of world system theory that since this time as far as its main structures are concerned compulsory state education given by professional teachers in classrooms it took even universal traits however on the other hand the fact that education became state education organised or at least controlled by the state was the beginning of another tradition line education in the form of state organised educational institutions became a means of creating national identity universal inclusion as for the light of reason

shining for everybody is opposed to more or less nationalist exclusion of all the others shaping the feature of a particular nation state with a particular educational system this fundamental dialectical tension between the universal and the particular was one to the important motives to make this handbook one of the central issues of the country studies is precisely to display the relationship between universal values and the search for national identity another motive is given by the european dimension of the handbook

this volume examines federalism's role in educational progress across ten countries focusing on the balance between centralization and decentralization it explores how federal systems design govern finance and assure quality in education highlighting intergovernmental cooperation and comparative lessons for federal countries

der Übergang von der schule in ausbildung oder beruf ist nicht nur in deutschland ein wichtiges thema geworden sondern spielt auch in der internationalen diskussion eine zentrale rolle der vorliegende band bietet eine darstellung der bildungspfade und Übergangsmöglichkeiten in den beruf in ausgewählten ländern europas darüber hinaus werden trends und perspektiven der wege in die arbeitswelt in vergleichender darstellung identifiziert dem leser wird damit nicht nur ein umfassendes kompendium des Übergangs von der schule in den beruf an die hand gegeben sondern darüber hinaus gezeigt welchen herausforderungen sich die länder europas im hinblick auf die integration junger menschen in das erwerbsleben künftig stellen müssen

la dislessia riguarda circa il 3-5 della popolazione scolastica vale a dire che in ogni classe c'è almeno un bambino interessato da questo disturbo specifico dell'apprendimento si tratta di un problema che cambia faccia a seconda di quale punto di vista si adotti per i bambini che ne soffrono ha la faccia di una frustrazione continua che nasce dal sentirsi inadeguati alle richieste che vengono fatte oltre che diversi dai compagni per gli insegnanti è un disturbo complesso e controverso occorre imparare a riconoscerlo e a valutare in modo nuovo i bambini per i genitori è un mondo da condividere con il proprio figlio che li porta a vivere l'impegno scolastico quasi in prima persona questo libro affronta a tutto tondo il problema della dislessia e in generale dei disturbi specifici dell'apprendimento illustrando le facilitazioni e le possibilità di recupero per fare in modo che non si trasformi come può succedere in un'esperienza di sofferenza e di ritardo nell'apprendimento scolastico
