motor gun boats were the spitfires of the seas of the royal navy bristling with small calibre guns and machine guns they served in a variety of roles during the war in the early war period they battled against german e boats in the english channel then went on the offensive searching the enemy shore for targets of opportunity at other times they ran support for motor torpedo boats and were used to deliver commandos on various raids naval warfare expert angus konstam tells the story of these small but destructive boats beginning with their design and development and carrying through to their operational use in both the european and mediterranean theatres of world war ii

in 1978 when alex duff first went to watch brentford players would go on midweek pub crawls near the griffin park stadium sometimes in no fit state to go home they would crash out in a terraced home where one of them lived opposite the stadium gates the next morning they clambered into a white van which one of them would drive to training stopping on the way for a bacon sandwich and cup of tea at a greasy spoon caf® brentford had once played in the top flight but now idling in the third division were a second home for players and supporters but there was neither the ambition nor money to revive their best days they bumbled along until in 2005 fed up with trying to make a profit from a club with an ageing stadium in an unfashionable west london suburb

owner ron noades agreed to hand over the business to supporters on the condition they take over responsibility for their 5.5 million overdraft one of the fans an oxford university physics graduate called matthew benham was making millions of pounds from professional gambling and threw in a 500 000 lifeline to help keep the club afloat initially as a sort of academic challenge he began figuring out if he could employ the mathematics which he used in beating the bookmakers to improve the club's performance on the pitch smart money is the story of how a scientist with an inquiring mind was set loose in a backwater of professional football and how he turned a modest little known team into a competitor in one of the world's most watched sports leagues

this book is part of the archive photographs series which uses old photographs and archived images to show the history of various local areas in great britain

the football code outlines an innovative ground breaking philosophy that will change the way you watch the beautiful game in a sport which is so largely dictated by randomness how can we accurately assess the performance of teams players and managers how can we tell who is good and who is simply lucky the football code teaches how a more scientific approach can eradicate the damaging effects of chance leaving a clearer image of what is actually happening on the field of play only then can managers sign better players only then can pundits offer better judgements only then can fans compile better fantasy football teams this book addresses the intrinsic errors and inefficiencies which plague the sport whilst at the same time revealing the top secret methods that professional gambling syndicates use to predict future outcomes above all it discloses the top secret data driven system that one football mastermind has used to make millions in the betting markets and that has allowed the championship team he owns to punch spectacularly above its financial weight football has finally found its answer to baseball's moneyball any fan who doesn't read this book will be left behind william lund unveils a revolutionary approach to the transfer market truly exceptional football now a masterclass the sport of football will never be the same again levi janssen
