in the early hours of d day 1944 a group from the us army 2nd rangers battalion were sent on one of the legendary raids of world war ii the mission was to scale the cliffs overlooking omaha beach and assault the german coastal artillery at pointe du hoc it was thought that only a raid could ensure that the guns would remain silent during the d day landings but allied intelligence was wrong after climbing the cliffs under aggressive german fire and securing the battery site the rangers discovered that the guns themselves were no longer there it was only due to the heroic actions of the rangers involved that the guns were located in firing positions facing utah beach and destroyed before they could be used in the first of a brand new series for osprey this act of audacious daring is brought to life complete with illustrated artwork maps and rare german accounts taking a more critical look at the story steven zaloga analyses every detail from the intelligence failings to the boldness of the rangers in the face of such odds

over the centuries naval relations between japan and korea appear to have alternated between peaceful trade and outright hostility however this impression can be misleading as much of what passed for mercantile activity was in fact conducted by japanese pirate fleets who pillaged the

coasts of korea and china in a long lasting tradition that culminated in the greatest pirate raid of all hideyoshi s invasion of korea in 1592 this was the conflict that involved ming china and almost dragged in siam stephen turnbull an expert on medieval japanese history explores east asia s most famous warship the korean turtle ship developed in response to these pirate attacks this legendary vessel is described for the first time in full technical detail in this book

a careful examination of the development of infantry tactics from the late sixteenth to middle seventeenth century throughout the 17th century large parts of europe were depopulated during the wide ranging and savage wars of religion and dynasty involving all of the major powers this was therefore a key period in the development of modern infantry tactics such as the use of pole arms and muskets together hence the popular expression pike and shot these infantry tactics involved different national schools on thought and practice and were tested bloodily in great battles this title covers the dutch spanish wars of independence the thirty years war and the english civil wars

the design and development of the key dreadnought classes for the german imperial navy and their deployment in world war i including the great clash of dreadnoughts at the battle of jutland and operations in the baltic supported by official documents personal accounts official drawings and specially commissioned artwork this is an informative history of the key classes kaiser könig and bayern that formed the backbone of the german imperial navy throughout world war i gary staff details the technological revolution that had taken place to enable the building of these large dreadnought classes

in june 1941 the us army s air organisations were consolidated under a single command the army air forces or aaf its expansion was rapid and massive and its contribution to the war effort was substantial books abound describing the aaf s impressive combat record but little has been published to record what the men inside the machines wore to stay alive and effective in the air and on the ground or as often as not in the water gordon l rottman s detailed treatment discusses the flying clothes accessories and equipment worn and used by individual airmen fighting their often desperate battles in the sky

the decision to reintroduce unit colours for the armed forces of the new wehrmacht involved many problems no unit flags and standards had been produced since before 1914 paul casberg the well known master painter and illustrator was commissioned to design the new army colours a commission which in his own words he considered to be the most beautiful order i have ever received packed with numerous contemporary photographs and eight full page colour plates by malcolm mcgregor brian l davis s text examines the flags of the wehrmacht in this first of three volumes concerning flags of the third reich

the waffen ss grew from a handful of obscure infantry battalions in 1939 to a force of more than 30 divisions by the end of world war ii including units of every type and every level of battlefield value the mid war divisions covered in this third title represent that range from some of the most effective german and western european volunteer formations e g the 12 ss pz div hitlerjugend and the scandinavians and dutchmen of the 11 nordland and 23 nederland divisions to the bosnian

muslims of the anti partisan 13 handschar division illustrated with rare photographs from private collections and meticulous colour artwork the text details their organization uniforms and insignia and summarizes their battle records

a classic duel in the age of sail boasting first hand accounts dramatic battle recreations and detailed comparisons of the strengths and weaknesses of the frigates of these two great nations famed as a classic naval duel a one on one clash between two sailing frigates offered the victor immeasurable fame and glory during the war of 1812 the royal navy and united states navy squared off in four such duels the most famous that between the uss constitution and hms guerrière ships and tactics between the two nations varied enormously with the american navy favouring a revolutionary design of frigate with twenty four pounder guns and heavy structural timbers while the british used to fighting the french and spanish navies relied on smaller eighteen pounder frigates through first hand accounts of these four single ship actions and fascinating comparisons of artillery crew ability and tactical achievements this book offers an unparalleled insight into the ruthless reality of frigate battles in the war of 1812

an exclusive illustrated account of the tactics of the specialized and effective armored infantry formation of world war ii little has been published on us armored infantry units and tactics over the years however their contribution to the war effort was hugely important there were a total of 57 armored infantry battalions and two regiments that served throughout the war and in all theaters equipped with halftracks they fought as part of combined arms teams and combat commands alongside tanks tank destroyers and artillery battalions significantly they were not simply standard infantry battalions provided with halftracks their company and platoon organization was very different from the standard infantry unit and these highly mobile heavily armed battalions fought in an entirely different manner using period training manuals and combat reports this book provides an exclusive look at the unique tactics developed by us armored infantry units including movement formations and battle drills

contrary to popular belief the capture of india was not accomplished by the british army but by the private armies of the east india company which grew in size to become larger than that of any european sovereign state this is the history of its army examining the many conflicts they fought their equipment and training with its regiments of horse foot and guns which rivalled those of most european powers the development of their uniforms which combined traditional indian and british dress is illustrated in detail in this colourful account of the private band of colonisers that successfully captured the jewel of the british empire
