this book assess the relationship of literature to various other cultural forms in the middle ages jesse m gellrich uses the insights of such thinkers as levi strauss foucault barthes and derrida to explore the continuity of medieval ideas about speaking writing and texts

it is the biggest question of all in the universe when and from what universe came into being and how it expanded it puzzled einstein and many other cosmologist after him finally they have discovered the particle which they mysteriously named the god particle as the mystery surrounds this particle their quest will either end in finding god the source of the particle or not in an age when biblical truth are considered fairytales by many a scientists someone must be bold enough to tell the truth that in the beginning the universe was void and darkness prevailed in the entire cosmos until god separated darkness by his eternal light and used 5 percent of the dark matter to create the universe and everything within it dr cherian courageously links the scriptures and the science behind the dark matter and the scientists who were divinely guided to name it the god particle newton s and einstein s dreams have been materialized and though not accepted by the vast majority of scientists openly many are compromising that universe formed from a cosmic evolution and life evolved abiogenetically and god interjected his presence into the process of evolution to claim his role a most absurd stand while the latest scientific discoveries tackled the biggest mystery of the universe scientific discoveries have corroborated the truth man humanity is nothing but specks of the dust ps 103 14 while god who created the universe sits enthroned above the circle of the earth and stretches out expanse the heavens like a canopy and spreads them out like a tent isa 40 22 is also holding the universe in his hands dr cherian brings to light the neglected truth that science and theology are the perfect match of god s truth in the universe most of the scientific discoveries deciphered during the last five hundred years are recorded in the bible including water in the exoplanets and the dark matter and dark energy that have been discovered recently the author has succinctly explained

with specific biblical references and explanations the author also reveals that from plymouth rock to independence hall and throughout the length and breadth of america the profound christian heritage is engrained in every inch of the land and america cannot negate god from our land god s systematic order of creation was schemed as stages of unguided evolution all christians of the nation must reinvent the declaration by the supreme court of the united states in 1892 that this a christian nation and present day lawmakers must adhere to that with freedom and liberty for all like a skilled attorney the author explains america is part of the israel of god and a member of the commonwealth of israel as explained by apostle paul the united states of america and the united kingdom are two nations blessed by god under the protection of the almighty god and we have a moral mandate to preserve our godly culture and civilization and lead other nations to follow before armageddon which is imminent

this knowledge alive and relevant

dante alighieri was early in recognizing that our age has a problem his hometown florence was at the epicenter of the move from the medieval world to the modern he realized that awareness of divine reality was shifting and that if it were lost dire consequences would follow the divine comedy was born in a time of troubling transition which is why it still speaks today dante s masterpiece presents a cosmic vision of reality which he invites his readers to traverse with him in this narrative retelling and guide from the gates of hell up the mountain of purgatory to the empyrean of paradise mark vernon offers a vivid introduction and interpretation of a book that 700 years on continues to open minds and change lives

i truly thought i d never make it back ten of the most memorable and most terrifying cantos from dante s inferno introducing little black classics 80 books for penguin s 80th birthday little black classics celebrate the huge range and diversity of penguin classics with books from around the world and across many centuries they take us from a balloon ride over victorian london to a garden of blossom in japan from tierra del fuego to 16th century california and the russian steppe here are stories lyrical and savage poems epic and intimate essays satirical and inspirational and ideas that have shaped the lives of millions dante alighieri 1265 1321 dante s works available in penguin classics are inferno purgatorio paradiso the divine comedy and vita nuova

purgatory the mountain that straightens souls made crooked by the world is dante s single most conceptually brilliant creation a remarkable rendering that unearths dante s muscular and vernacular voice with unprecedented vigor accuracy and masterful use of english meter esolen s new translation of purgatory is part two of his translation of the entire divine comedy esolen s introduction is the most interesting of any edition he explores what purgatory is theologically how dante came to invent it and how purgatory is ultimately about restoration liberation and friendship the unique features esolen provides from extensive notes to an appendix of key sources make this bilingual edition the most illuminating on the market

the first volume of the divine comedy by dante alighieri where our hero is escorted through hell translated by charles eliot norton in 1920

this is the first volume of a new prose translation of dante s epic the first in twenty five years

robert durling s translation brings a new power and accuracy to the rendering of dante s extraordinary vision of hell with its terror pathos and sardonic humour and its penetrating analyses of the psychology of sin and the ills that plague society a newly edited version of the italian text can be on facing pages and this edition includes fully comprehensive notes as well as sixteen essays on special subjects
