Fosse v Luffs is a story filled with drama excitement controversy and violence about a footballing rivalry as intense as any in modern English football. The Fosse forerunner of Leicester City were the dominant club in the town of Leicester and Loughborough the Luffs were the biggest and most successful team in the county of Leicestershire. Each encounter between these two sides was a battle for supremacy within the county. *Fosse v Luffs* charts the growth of the rivalry from amateur games played in front of a handful of family and friends to Football League encounters witnessed by 10 000 plus spectators with thousands more eagerly awaiting the outcome. Drawing on extensive newspaper research Nigel Freestone brings to life this forgotten era when football was a bone crunching game and not for the faint hearted. It is a must read for anyone interested in Leicester City FC Victorian sport or local history.

Two veteran sports writers and editors take readers inside the history of the most watched sports league on earth England's Premier League.

The beautiful game is big business. Football leagues worldwide are being dominated by clubs who are becoming richer and more powerful. Enormous corporate investment deals with media giants huge volumes of merchandising and dedicated TV channels mean that football teams are as concerned with the affairs of the boardroom as what is going on on the pitch. In this dynamic new book Stephen Morrow examines the changing face of football looking at issues such as the role of the stock exchange the viability of the stakeholder approach the new economics of football including the role of media firms and the social impact of the sport.

This special issue addresses the complex reality of English community football organisations.

including football in the community fitc schemes which have been attending to social agendas such as social inclusion and health promotion the positioning of football as a key agent of change for this diverse range of social issues has resulted in an increase in funding support despite the increased availability of funding and the apparent willingness of football clubs to adopt such an altruistic position within society there remains limited empirical evidence to substantiate football s ability to deliver results this book explores the current role of a football and football clubs in supporting and delivering social inclusion and health promotion to its community and seeks to examine the philosophical political environmental and practical challenges of this work the power and subsequent lure of a football club and its brand is an ideal vehicle to entice and capture populations that normally ignore or turn away from positive social and or health behaviours the foundations of such a belief are examined outlining key recommendations and considerations for both researchers and practitioners attending to these social and health issues through the vehicle of football this book was originally published as a special issue of soccer society

the premier league marks its 20th anniversary in 2011 ian ridley portrays how both the game itself and society s relationship with it have changed over those two decades seeking to discover if the soul of the game still exists he has woven together a rich and fascinating story of football s metamorphosis from social outcast to favourite child
