often called the sport of kings horse racing dates back at least to the chariot races of the ancient olympic games arriving in britain with the romans in the first century bc its popularity among the elite led to the breeding of thoroughbred racehorses and prompted the establishment of a formal racing calendar with flat races and steeple chases at a plethora of dedicated racecourses throughout the country now no longer restricted to the aristocracy a day at the races has become a perennial highlight of the social calendar shedding new light on this increasingly popular equestrian sport anne holland here explores the broad history of horse racing from the horses jockeys and racecourses to the practice of bookmaking and those in the audience

in head to head award winning writer lenny shulman offers highlights from the best interviews he has conducted throughout his twenty year career covering thoroughbred horse racing in that time he has coaxed the innermost thoughts out of the sport s most notable headline makers it was to shulman that helen penny chenery owner of secretariat publicly revealed for the first time the mistakes she made with her superstar colt arthur hancock iii shared with him his feelings of being banished from his family s claiborne farm and his pride in succeeding on his own with the great sunday silence owner paul reddam poured

out his hopes and fears to shulman in the hour before realizing his dream of winning the kentucky derby with i ll have another shulman takes readers behind the scenes with industry legends owners trainers veterinarians and celebrities touching on some of the greatest horses and greatest races the sport has ever seen this engaging book serves as an important oral history of thoroughbred horse racing as well as a guide for new generations of enthusiasts who are interested in learning from some of the sport s most successful luminaries

during the last few decades commercial gambling has increased substantially throughout the western world more people than ever before have access to sources of legalised gambling leading to bumper revenues for the institutions involved naturally enough this has led to an increased interest in the area of the economics of betting this book addresses the issues raised by the continued growth of the gambling sector how can we model the behaviour of people who seemingly act irrationally what are the implications of different tax policies with regard to gambling are casinos capable of taking money away from state run lotteries and the causes they fund can bookmakers odds be influenced in such a way as to make the gambling market inefficient the authors in this volume provide insights based on data from many different countries including england the usa australia spain and cyprus this volume brings together work which addresses the economic impact of the huge growth of commercial gambling in the western world as well as trying to model the cognitive processes which can explain why individuals are prepared to behave in such apparently irrational ways this book was published as a special issue of applied economics the academic editor of this journal is mark p taylor

asian populations are among some of the fastest growing cultural groups in the us while books on serving other target groups in libraries have been published e g disabled latino seniors etc few books on serving library users of asian heritage have been written thus the timely need for this book rather than a generalized overview of asians as a whole this book has 24 separate chapters each on 24 specific asian countries cultures of east southeast and south asia with a wealth of resources for understanding interacting with outreaching to and serving library users of each culture resources include cultural guides both print and online language helps with sample library vocabulary asian booksellers nationwide cultural groups professional literature and more resources and suggestions are given for all three types of libraries public school and academic making this book valuable for all librarians the demographics of each asian culture numbers and distribution plus history of immigration and international student enrollment is also featured as a bonus each chapter spotlights a us public school and academic library providing model outreach to asian library users additionally this book provides a detailed description and analysis of libraries in each of the 24 asian countries the history development facilities conditions technology classification systems and more of public school and academic libraries are all discussed with detailed documentation country conditions influencing libraries and library use are also described literacy levels reading cultures languages and writing systems educational systems and more based on the author s 15 years of research and travels to asia this work is a must have for all librarians

introduction i must thank you for buying my book and appreciate any comments on the system i have inserted my email address at the end of the book plus

feel free to email me if you have any questions or need any help this horse racing system took me approximately 12 months to computer model and test primarily around uk handicap horse races this would have not been possible without my 10 years database of horse form and my i t computer skills handicap horse racing fascinates me i find it a great puzzle to solve and love form variables like weight official rating and many more this horse racing system has four simple steps that find winners daily and i have outlined tips to get more profit i like using this system for betting singles and doubles which are lethal and produce massive profits in the book i have covered a horse race in extensive detail so that you understand the system and how to apply the horse racing system to each race quickly and thus finding winners easily

in mordin on time nick mordin sets out his method for answering the most fundamental question facing punters in any race namely which is the fastest horse he was timing the sections of races with a stop watch estimating wind strength and direction adjusting for movements of running rails using projected times and calculating average times years before the best selling american books on speed rating were published this new edition incorporates much new material including standard times for all irish racecourses plus the major french ones mordin on time enables the reader to construct their own speed ratings wherever they live

this was a book i really enjoyed writing and was quite an eye opener for me i hope you enjoy this book and have great profitable horse racing days in the future if you have read some of my other uk horse racing books you will know my approach to handicap horse races there are so many ways you can interpret horse form this is the beauty of horse racing it fascinates me i have modelled thousands of horse races over the years and no shoe fits all this is my first book that focuses on one code of horse racing and one type of horse race more on this later
