it s all about muhammad is a detailed and very readable biography of the creator of islam based primarily on the original sources of islam the canonical works that form the foundation for muslim beliefs it is also illustrated with 25 black and white drawings inspired by the original literature the author studied 20 000 pages of these documents and concluded from the extreme violence of muhammad as documented in the original literature that he was a psychopath burleigh asks what other word can be used for a man who once presided over the beheading of up to 900 men and boys because they refused to accept him as their prophet muslims down through the last 14 centuries have been indoctrinated into the belief that god talked to muhammad but the evidence of their own literature is that he suffered from temporal lobe epilepsy the same disease dostoevsky suffered from in his writing dostoevsky commented about muhammad s epilepsy the ecstatic moments of the epileptic experiences led muhammad to believe he was in communion with god he attributed the words of the koran to god though an objective reading of the koran reveals it as the product of an extremely angry and disturbed mind this book is not an argument that islam is evil because it is a reflection of the evil of its creator it s all about muhammad is a presentation of what is in the source material told by a gifted storyteller who uncovered the telling anecdotes and the revealing quotes burleigh drew his own conclusion muslims do what they do because of muhammad s example hence the title it s all about muhammad but it is up to readers to examine what is in the book and reach their own conclusion

today more than ever individuals nd themselves in desperate need of guidance and by extension in need of a guide to make sense of life over the ages allah the almighty has sent different prophets and messengers to guide humanity and to provide answers to the questions confronting man the most important features of their mission was to explain the divine laws and exemplify divine wisdom and thus serve as role models to their nations prophet muhammad sallallaahu alayhi wa sallam the last messenger of allah was unique in that he was not sent to a particular nation but to humankind as a whole as with every other prophet the focus of his message was that of obedience to allah through acts of worship in word and deed through his personal example and guidance the prophet sallallaahu alayhi wa sallam presented humanity with a superior way of life that was founded on the worship of allah and the beautiful values that this entails due to his exceptional conduct and exemplary way of dealing with others prophet muhammad sallallaahu alayhi wa sallam conquered hearts and minds and his message gained ascendancy over all other nations and religious denominations the spread of the guidance brought by prophet muhammad sallallaahu alayhi wa sallam is tangible proof that he was truly an example to be followed for such immensely positive in uence has not been the lot of any other individual throughout the history of the world the prophet s unique and remarkable success is often categorized as a personal achievement but the reality is that it is a sign of his being divinely guided yes he was a remarkable human being but the impact of his teachings was a direct result of his being guided by allah in all he said and did allaah sent his messenger muhammad sallallaahu alayhi wa sallam to all of creation as a witness a bringer of glad tidings of paradise to those who accept the path he calls to and a warner against the wrath of allaah he sent him to invite to the religion of allaah by his permission and as an illuminating lamp to light the path of survival the path of allaah allaah sent him with guidance and mercy and the true religion and to guide people to what results in their happiness in this world and the hereafter this is the reward for those who believe in him love him and follow his path sallallaahu alayhi wa sallam the prophet of allaah sallallaahu alayhi wa sallam conveyed the message and advised the nation and struggled and sacri ced for the sake of allaah we ask allaah to reward him for having conveyed the message that guided us to the path of allaah when reading this book one will frequently come across the term sallallaahu alayhi wa sallam and we feel obliged to clarify a few matters pertaining to this term its meanin the

term consists of two parts one part is salaah which is in the part sallallaahu and the second part is salaam which is in the part wa sallam these two terms are a form of supplication and prayer for prophet muhammad sallallaahu alayhi wa sallam according to the predominant opinion the first part means to ask allaah to exalt his mention in other words we ask allaah to honor glorify and raise his rank and exalt his mention because we as humans cannot praise him enough to fulfill his due right upon us for having conveyed the message that guided us to the path of allaah

mohammad al ghazoli was raised a muslim but the more he read the ancient literature of islam the more convinced he became that allah could not be the true god and the more he studied the life of muhammad the more obvious it became that muhammad was not god's prophet then one day someone placed a bible in his hands and said read soon ghazoli had found the true god and forgiveness through his son this book isn't just ghazoli's testimony it is much more than that it contains the facts from the literature of islam that shows why allah can't possibly be the true god it gives proof from islam itself that whenever muhammad wanted more wives or riches or when he had a problem gabriel was always standing by ready to give another verse to exempt muhammad from the law and morality how convenient many of the stories in the book will be unfamiliar to the western reader but very familiar to muslims it is this inside view of things that makes the book so powerful as a witnessing tool for muslims over and over again ghazoli asks is this the behavior of a prophet who was sent by god what kind of god would send a prophet like that the arguments contained in this book will give you powerful evidence you can show to muslims you may try to witness to because it is written by a respected arab writer who was an advisor to the arab league and even to libyan ruler qhadaffi you can give the book to a muslim and tell him read learn about the 220 contradictions in the quran verses which reverse and replace prior verses did allah make a mistake the verses used to justify terrorism even the quran admits jesus was crucified then it denies it muhammad's 23 marriages including one to a little girl
