the small arms survey 2008 examines the problem of diversion and analyses the public health approach to armed violence

solitude is the state of being alone or isolated from others it is often a voluntary choice for meditation introspection reflection or simply enjoying one s own company solitude can be peaceful and conducive to deep thinking or creativity contrasting with loneliness which implies a negative feeling of being alone and disconnected this book investigates the types of solitude in twelve modern short stories written by authors of different nationalities races and genders it also explores how the setting boosts the state of solitude of each character there are different manifestations of solitude and the solitary character a person living among other people refusing to be part of them unwilling to be part of them or being refused and rejected to be part of them this character is a child a teenager a man or an abnormal freakish man or a woman of sorrow a recipient of much unbearable pain

the relatively frequent occurrence of rapid onset and very brief but often florid psychotic states with periodic recurrence alongside relatively low rates of ptsd and chronic psychosis were unexpected findings from the 2004 east timor mental health study conducted in the context of the country s recently won independence and in the wake of the atrocities endured in the protracted fight for sovereignty further unanticipated was the frequent association of recurrence with the time of the new moon fulan lotuk and other times or places of sacred lulik or associated cultural significance the perceived violation of culturally sacrosanct lulik obligations often also appeared to foreshadow the initial onset of such patterns of distress significant episodes of trauma

and loss appeared a hidden feature of affected individuals histories which we argue have become symbolically entwined with local cultural understandings of ritual obligation sacredness and taboo this volume develops a dynamic but contextualized multi level formulation of psychosis and psychotic symptoms able to incorporate a range of factors from the biological through the sociocultural to the political the work is truly interdisciplinary drawing on both the quantitative and qualitative findings of our own study but further supported through local ethnography and broader anthropological enquiry into the outcomes of psychosis in non western settings psychoanalysis and psychoanalytic anthropology evidence and theory exploring links between trauma dissociation and psychosis and novel culturally adaptable psychosocial focused interventions for psychosis we situate both evidence and theorising in wider epistemological and political context including in relation to the movement for global mental health culturally patterned presentations of brief remitting relapsing psychosis are ultimately conceived as the trade off between competing fragmentary and synthetic forces the former in part secondary to the lasting and deleterious effects of overwhelming loss trauma and adversity the latter emboldened by cultural meaning and social response in the context of broad ecological pressures demanding survival and resilience

in the twenty first century democracies across the globe are in crisis the strength of basic democratic institutions and core enduring political principles and values are eroding in key regions and countries authoritarian regimes are rising and populist leaders are emerging democracy in crisis across the world weaves threads of history and politics in two parts to analyze how long this trend may last and what the future may bring by first examining the state of democracy in sub saharan africa eastern europe western europe latin america and the middle east and north africa the second part of the collection highlights to democratic trajectory of india china russia and the united states ending with a look at how the world s governments have responded to the coronavirus pandemic contributors argue that unless democracy is defended with resolution and nurtured with resilience it will fall

both europe and the us have now dampened the shrillness of the invective hurled against each other over the last years but the underlying differences have not been resolved the two sides drift apart in their views on what internal politics should achieve as well as in their vision of the global order they would like to see established the economies of both europe and the us are highly developed and densely interwoven their societies are post industrial many social and economic trends converge similar too are the challenges to maintain security against threats emanating from other parts of the world divergences thus do not originate from conflicting material interests they arise from different perceptions of the nature and of threats from the outside world from how the two societies wish to define themselves through their internal and external policies the search for a distinct european or american identity fuels this discord therefore appeals to common merely material interests will not obliterate it the contributions to this book come from altogether twelve authors each of them addressing the issues from the perspective of his or her own discipline the book aims to reach not just academia but also beyond to those that are involved in actual international decision making

finally available a high quality book of the original classic edition of with the king at oxford a tale of the great rebellion it was previously published by other bona fide publishers and is now after many years back in print this is a new and freshly published edition of this culturally important work by alfred john church which is now
