each issue of transactions b is devoted to a specific area of the biological sciences including clinical science all papers are peer reviewed and edited to the highest standards published on the 29th of each month transactions b is essential reading for all biologists

of odysseys and oddities is about scales and modes of interaction in prehistory specifically between societies on both sides of the aegean and with their nearest neighbors overland to the north and east the 17 contributions reflect on tensions at the core of how we consider interaction in archaeology particularly the motivations and mechanisms leading to social and material encounters or displacements linked to this are the ways we conceptualize spatial and social entities in past societies scales and how we learn about who was actively engaged in interaction and how and why they were modes the papers provide a broad chronological spatial and material range but taken together they critically address many of the ways that scales and modes of interaction are considered in archaeological discourse ultimately the intention is to foreground material culture analysis in the development of the arguments presented within this volume informed but not driven by theoretical positions

written by gary armstrong and john garrett this book examines the history of sheffield united football club

this landmark annual review has provided nearly four decades of knowledge insight and research on topics critical to nurses everywhere the purpose of this annual review is to

critically examine the full gamut of literature on key topics in nursing practice including nursing theory care delivery nursing education and the professional aspects of nursing environmental issues such as chemical exposures air and water pollution climate change and food sustainability impact health on both a local and global scale this thirty eighth volume of annual review of nursing research addresses the influence that nurses have on environmental health it contains research education advocacy and practice based articles that provide nurses with a primer on this growing issue as well as the information needed to provide capable care while supporting environmentally healthy solutions key topics air quality impact upon human health climate change and nursing tool climate change initiatives in nursing education environmental health equity nurse sensitive environmental indicators nurses contributions to health related wildfire research per and polyfluoroalkyl substances pfas water in detroit and flint michigan

the relationship between the homeric epics and archaeology has long suffered mixed fortunes swinging between fundamentalist attempts to use archaeology in order to demonstrate the essential historicity of the epics and their background and outright rejection of the idea that archaeology is capable of contributing anything at all to our understanding and appreciation of the epics archaeology and the homeric epic concentrates less on historicity in favor of exploring a variety of other perhaps sometimes more oblique ways in which we can use a multidisciplinary approach archaeology philology anthropology and social history to help offer insights into the epics the contexts of their possibly prolonged creation aspects of their prehistory and what they may have stood for at various times in their long oral and written history the effects of the homeric epics on the history and popular reception of archaeology especially in the particular context of modern germany is also a theme that is explored here contributors explore a variety of issues including the relationships between visual and verbal imagery the social contexts of epic or sub epic creation or re creation the roles of bards and their relationships to different types of patrons and audiences the construction and uses of history as traceable through both epic and archaeology and the relationship between prehistoric oral and historical recorded in writing periods throughout the emphasis is on context and its relevance to the creation transmission re creation and manipulation of epic in the present or near present as well as in the ancient greek past
