gautama buddha which did not go to nirvana formed the middle principles of shankara the earthly entity it is therefore nearer the truth to say that the astral gautama or nirmanakaya was the upadhi of shankara s spirit and not a reincarnation of gautama shankara was born in 510 bc 51 years and 2 months after the date of buddha s nirvana he had nothing to do with buddhist persecution then the astral gautama entered the outward shankara whose atman was nevertheless his own divine prototype shankara was a buddha an enlightened one but not a typical reincarnation of gautama buddha he was direct incarnation of logos one of the primordial seven rays an avatara in the full sense of the term the nazarene sage was a bodhisattva with the spirit of buddha in him jesus had promised his disciples the power of producing miracles far greater than he had ever produced but died leaving but a few disciples men only half way to knowledge the unequal favour of karma between gautama and jesus can be explained by the necessity of a sacrificial nirmanakaya ready to suffer for the misdeeds or mistakes of the new body in its earth pilgrimage without any future reward on the plane of progression and rebirth the higher self is not in such a case attached to the lower ego its connection is only temporary and in most cases it acts through decrees of karma when the shruti reached the ear of gautama he accepted the revelation while rejecting the later overgrowth of brahmanical thought and fancy as in the case of his western successor gautama was the first of the eastern hierarchy of adepts who was moved by that generous feeling which locks the whole of mankind within one embrace with no petty differences of race birth or caste he desired to atone for the sin of his enemies then only was he willing to become a full dharmakaya a jivanmukta without remains shankara the great dravidian guru the adept of adepts lives to this day in his spiritual entity as a mysterious unseen yet overpowering presence among the brotherhood of shambhala
