the analysis of silk is a fascinating topic for research in itself but here focusing on the 9th and 10th centuries marianne vedeler takes a closer look at the trade routes and the organization of production trade and consumption of silk during the viking age beginning with a presentation of the silk finds in the oseberg burial the richest viking burial find ever discovered the other silk finds from high status graves in scandinavia are discussed along with an introduction to the techniques used to produce raw silk and fabrics later chapters concentrate on trade and exchange considering the role of silk items both as trade objects and precious gifts and in the light of coin finds the main trade routes of silk to scandinavia along the russian rivers and comparable russian finds are described and the production and regulation of silk in persia early islamic production areas and the byzantine empire discussed the final chapter considers silk as a social actor in various contexts in viking societies compared to the

christian west

bursting with full color illustrations this is a handy complete guide to the vikings from the lives they led at home to their voyages of plunder across europe and into america

finally available a high quality book of the original classic edition of the viking blood a story of seafaring it was previously published by other bona fide publishers and is now after many years back in print this is a new and freshly published edition of this culturally important work by frederick william wallace which is now at last again available to you get the pdf and epub now as well included in your purchase you have the viking blood a story of seafaring in epub and pdf format to read on any tablet ereader desktop laptop or smartphone simultaneous get it now enjoy this classic work today these selected paragraphs distill the contents and give you a quick look inside the viking blood a story of seafaring look inside the book bonny janet mckinnon good hearted healthy quick witted and a pretty figure of a lass though rather proud and vain followed the baillie in his steps up the social ladder and while a domestic in the future lord provost s house met handsome rollicking alec mckenzie chief officer of the sutton liner ansonia in the new york trade with a chief engineer who loved her wonderful old compound engines and who was willing to drive them mckenzie commenced clipping down the ansonia s runs until one day she raced into boston harbor an hour ahead of her best record twelve years before and two days ahead of a rival company s crack ship which had left glasgow at the same time

presents a history of the nordic warriors and explorers that plundered and traded their way across europe and discusses how ultimately their violence and conquests helped spread and enhance accomplishments in the arts culture and government

from the fury of the northmen deliver us o lord between the eighth and eleventh centuries the vikings surged from their scandinavian homeland to trade raid and invade along the coasts of europe their influence and expeditions extended from newfoundland to baghdad their battles were as far flung as africa and the arctic but were they great seafarers or desperate outcasts noble heathens or oafish pirates the last pagans or the first of the modern europeans this concise study puts medieval chronicles norse sagas and muslim accounts alongside more recent research into ritual magic genetic profiling and climatology it includes biographical sketches of some of the most famous vikings from erik bloodaxe to saint olaf and king canute to leif the lucky it explains why the danish king harald bluetooth lent his name to a twenty first century wireless technology which future saint laughed as she buried foreign ambassadors alive why so many icelandic settlers had irish names and how the last viking colony was destroyed by english raiders extending beyond the traditional viking age of most books a brief history of the vikings places sudden scandinavian

population movement in a wider historical context it presents a balanced appraisal of these infamous sea kings explaining both their swift expansion and its supposed halt supposed because ultimately the vikings didn't disappear they turned into us

profusely illustrated text discusses the history customs life style and discoveries of the vikings

thoroughly updated and with a new foreword the viking age is shot through with the spirit of adventure for 300 years from just before ad800 until well into the eleventh century the vikings affected almost every region accessible to their ships and left traces that are still part of life today far from being just wild barbaric axe wielding pirates the vikings created complex social institutions oversaw the coming of christianity to scandinavia and made a major impact on european history through trade travel and far flung consolidation this encyclopedic study brings together the latest research on viking art burial customs class divisions jewellery kingship poetry and family life the result is a rich and compelling picture of an extraordinary civilisation

the vikings provides a concise but comprehensive introduction to the complex world of the early medieval scandinavians in the space of less than 300 years from the mid eighth to the mid eleventh centuries ce people from what are now norway sweden and denmark left their homelands in unprecedented numbers to travel across the eurasian world over the last half century archaeology and its related disciplines have radically altered our understanding of this period the vikings explores why we now perceive them as a cosmopolitan mix of traders and warriors craftsmen and poets explorers and settlers it details how over the course of the viking age their small scale rural tribal societies gradually became urbanised monarchies firmly emplaced on the stage of literate christian europe in the process they transformed the cultures of the north created the modern nordic nation states and left a far flung diaspora with legacies that still resonate today written by leading experts in the period and exploring the society economy identity and world views of the early medieval scandinavian peoples and their unique religious beliefs that are still of enduring interest a millennium later this book presents students with an unrivalled guide through this widely studied and fascinating subject revealing the fundamental impacts of the vikings in shaping the later course of european history

describes the characteristics and neurological bases of disorders that evil people commonly have discussing the personalities of figures such as adolf hitler and mao zedong and examining the malevolent behaviors of the author's sister
